Implementation

- National Partner and Exemplar calls and materials
- Shared accountability and support calls/meetings

Tracking and • Common metric alignment by practice

Monitoring• Tracking and reporting for leading indicators of success, institutional metrics, and ecosystem metrics

Core Skills Training Required for Moon Shot Regional Partners

- Understand the role race, identity, and inequity plays in the past, present, and future of higher ed
- Build language and strategy to address structures, cultures, policies, and norms that perpetuate inequity
- Identify and eliminate barriers to equity, including within pedagogy, learning environments, and campus climate
- Activate a student success strategy that enables diverse identities to thrive
- Understand student barriers to success outside of the walls of institution in your region

Aligning Metrics and Definitions to Measure Outsized Impact

1 **Launch Outcomes Assessment Team**

- Recurring meeting of representatives from
Institutional Research from each institution
- Manage creation of Ecosystem Moon Shot Scorecards and recurring update

2 **Designing the Levels of Metrics and Demographic Groupings**

- Identify required metrics for ecosystem institutions (by level)
- Determine availability of metrics
- Establish common definitions

Representative, all disaggregated by demographic

Transformation Metrics (Overall)

Examples:

- Retention & graduation for different populations (socioeconomic status, first-generation status, gender, race/ethnicity)

Outcome Metrics (Overall/Practice) Examples:

- Credit completion %
- Credits at graduation
- Re-enrollments
- Holds cleared

Process Metrics (Practice) Examples:

- Total appointments
- Dollar amount of microgrants provided
- % of students with academic plans

Investing in Your People to Advance Institutional and Regional Change

Leadership Institute Development

- Leadership training to support campus leaders to implement the policies and practices

Example topics include:

- Leadership fundamentals
- Understanding the higher ed ecosystem through different lens
- Driving change and motivating teams
- Getting the most from your team's talent
- Building a data-informed culture and ensuring accountability in the imagined future

**Develop
Change Leaders**

Educational leaders' work is further

“

”

complicated by current needs for the fundamental and systemic change required for dramatically increasing student learning and achievement. Responding to these needs means that educational leaders are often engaged in running schools while they are also working to reinvent them. Essentially, **we are asking higher education leaders to build the plane while flying it.** The task of reinventing schools as it relates to equity will require intentional leadership and change development.

The Change Formula

Dissatisfaction x **V**ision x **F**irst Steps > **R**esistance to Change

- Schedule call (week of October 12th) with Moonshot owners to review assessments, determine audience, confirm timeline
- Schedule recurring leadership calls with Owners
- Review Shaun Harper Equity proposal follow up with Tom on donor approach
- Celebrate Milwaukee as the first Moon Shot region at CONNECTED 2020 (details forthcoming)!!!
