Going into Year 2 of Our Moon Shot Partnership

This Spring, teams who were selected to lead Tier 1 Best Practices will go into Phase 2 of their work. Overview of team priorities outlined below:

- **Hold Reform teams** have all completed hold audits, teams are using their discovery to understand how holds disproportionately affect certain students and advocate for change. Teams are creating policy recommendations based on findings.
- **Holistic Care teams** are focusing on 1-3 high impact campaigns to engage students in support while building out coordinated care networks. Teams are also conducting student support relationship audits to understand their student success landscape.
- **Transfer Pathway teams** are building out a data sharing MOU and will begin forming faculty learning communities to align academic pathways across institutions.
- **Retention Grants teams** have built out retention grant programs and are now looking into sustaining funding and evaluating effectiveness.
- **Equity Mindedness teams** are beginning to engage in DEIJ strategy labs to operationalize the learnings from the USC eConvenings.

In addition to Tier 1 Best Practices, we will launch three new best practice teams:

- **Aligned Mathematics** teams will redesign all existing developmental education courses, with mandatory corequisite support.
- **Academic Pathways** teams are ensuring all academic maps are updated with courses sequences that promote on time completion.
- **Access to a Second Chance** teams will look at eligible students for reenrollment campaigns and develop plans to mitigate stop outs.

Equity Mindedness eConvening Series

As part of the Moon Shot for Equity partnership, Milwaukee Moon Shot institutions are engaged in a monthly racial equity eConvening Series. Each Institution will appoint stakeholder(s) to attend live sessions. This series is hosted by USC Race and Equity Center, for more information on the center, click here.

November's Equity Series Training

Recruiting and Retaining Faculty of Color

Friday, February 18th, 1-4pm CST

Registration links will be sent out to select stakeholders in advance of the session.
