Where: Cunningham 795 12-1 pm
January 27, 2017
Meeting Minutes

Present: Morgan Verkuilen, Alexis Ferdon, Jerrica Cashaw, Dr. Barbara Daley, Dr. Sarah Morgan, Ruth Treisman

- Morgan called the meeting to order at 12:02 pm.
- Morgan volunteered to take meeting minutes.
- Dr. Morgan requested the following changes to meeting minutes from October 28, 2016 meeting:
 - a. 12 am should be 12 pm.
 - b. Clarification to the tuition differential funds, adding that it was the LEAP Sim Man software that was approved for \$7,314.24.
- Students voted and approved changes to the October 28th meeting minutes.
- Dr. Barb Daley discussed NCLEX review updates:
 - a. NCLEX review will take place in university library 4th floor for next 2 years.
 - b. Other rooms throughout campus are only available to reserve one month in advance – which would not guarantee a reserved room with ample amount of time to plan.
 - c. Reservation requires small cost, so students will see a slight increase in tuition differential reflecting this charge.
 - d. Kaplan agreed to do review at both UWM and UWP locations
 - e. Rochelle Nelson is working on room reservations for UWP students on that campus.
 - f. Dr. Daley wanted to reiterate that Kaplan NCLEX review is scheduled for all 2017-2018 graduates. Spring 2018 graduates will need to review thoughts on Kaplan to decide if we want to continue with Kaplan or change companies.
- Dr. Morgan gave updates on Tuition Differential:
 - a. We are no longer using ATI programs for the program; however, we still use ATI Predictor test. In the past, it's been shown as a bundle package price, looking like we never paid for it, but we did. It was forgotten on this tuition differential.
 - b. It is a portion that has traditionally been paid for by Black & Gold committee
 - c. Needs to be added/reflected on the budget
 - d. Cost = roughly \$5,000 (not exact – Dr. Daley could not remember approximate price)

- Morgan Verkuilen motioned to approve change/clarification of ATI predictor test on the tuition differential. Students voted and approved change.
- Dr. Morgan discussed upcoming needs: looking at pediatric simulators as well as possibly needing new beds for both UWM and UWP locations.
- Meeting adjourned at 12.32 pm.
