

# NP Psychiatry and Mental Health Residency

DEPARTMENT OF PSYCHIATRY AND BEHAVIORAL MEDICINE & DEPARTMENT OF MEDICINE  
PARTNERSHIP WITH THE MEDICAL COLLEGE OF WISCONSIN AND UW-MILWAUKEE COLLEGE OF NURSING

## WHAT IS THE NP RESIDENCY PROGRAM?

- An immersive 12-month residency in mental health focusing on underserved populations in a community based setting
- Attracts NPs seeking a structured educational program to support and guide their development of proficient clinical decision making and their application of specialized skills in the care of the mentally ill patients through in-person didactics, and mentored clinical experiences
- A Certificate Program in partnership with the Medical College of Wisconsin and UW-Milwaukee College of Nursing

## WHY CHOOSE A PSYCHIATRIC BEHAVIORAL HEALTH RESIDENCY?

- Structured experiences are great for new graduates or practitioners transitioning to a new practice area.
- Mentored learning in clinical rotations:
  - General Psychiatric Ambulatory Clinics
  - General Inpatient Psychiatric Unit
  - Child & Adolescent Psychiatry
  - Embedded Psychiatric Ambulatory Clinics
  - Consult Liaison
- Elective rotations:
  - Mental Health & HIV
  - Mental Health & LGBTQ
  - Student Mental Health
  - Community Partners
- Additional residency professional development opportunities
- APRN resident receives stipend, educational funds, standard MCW benefits, and may receive post-residency recruitment incentives
