Articulation Agreement: Program to Program Transfer Conditions from Architectural Technology at MATC to Pre-Architecture (Level 1) at UWM

The articulation agreement affords those students transferring from the Architectural Technology Program at MATC to the UWM SARUP to be given full credit for architectural technology courses taken. In addition, students will be granted credit accordingly for the UWM courses specified above.

- To transfer, the student must meet General Education Requirements and Level I requirements of SARUP:

 - Students must satisfactorily complete a college-level physics course equivalent to Physics 100, 107, 120 or higher
 - Students must earn a minimum grade point average of 2.50 on at least 24 credits of transferable MATC coursework
- Completion of SARUP Level I requirements does not guarantee admission to the Level 2 program of study, which also requires a minimum grade point average of 2.75 in both the overall college record and required Level I architecture courses. Students must also pass a portfolio review.
- Course equivalencies above are only accepted for transfer students in the Architecture program.
- Course equivalencies above are subject to change in the event that the curricula of MATC or UWM undergoes revision.
- The agreement may not apply to students who completed coursework at SARUP prior to enrolling at MATC.
