

TRANSFER GUIDE

**Gateway Technical College to
B.S. – Community Engagement & Education in the School of Education**

Admission Guidelines

If you have completed 12 credits of transferable course work you will be considered for admission based on a review of your college records. If you have fewer than 12 transferable credits you may be considered for admission based on a review of both your high school and collegiate records.

Most admitted transfer students have a cumulative GPA of 2.0 or greater on all transferable coursework. Competency in English and mathematics is an important factor in the admission decision.

Please note that some selective programs (Peck School of the Arts, School of Architecture and Urban Planning, College of Engineering, College of Nursing) may have additional requirements for direct admission into their majors.

We encourage students to utilize this guide to plan their coursework for their first and second semesters at MATC. We highly recommend that students who are interested in transferring contact a UWM Transfer Advisor for more information about additional requirements of specific academic programs.

School of Education Information

The Community Engagement and Education Program is designed for students interested in changing their community, working in non-school educational roles, leadership in community-based organizations or teaching in private or alternative schools. Some students also pursue licensure for teaching in public schools after graduation.

Courses are offered during the day as well as online, in the evening and on weekends. You can also earn academic credit for prior professional experience. Areas of study include child care, youth work, urban education, alternative education, policy and leadership in community-based organizations, and community engagement and social action.

This sheet includes the general requirements for the CEED Bachelor of Science degree program. You can explore a broad range of community engagement and education opportunities; choosing a submajor is not required. Available submajors are:

- Child Care
- Child & Family Services
- Community-Based Organizations Policy & Leadership
- Community Leadership

Work with an advisor to determine pre-transfer course options for submajors.

More information about this program can be found at uwm.edu/education/academics/community-engagement-edu/.

	Gateway coursework		UWM coursework	
GER requirements	See additional handout for MATC courses that fulfill the other GERs			
Oral and Written Part A	801 136 or 801 195 (minimum C grade)	3	ENG 101	3
			ENG 102	3
Oral and Written Part B	Satisfied by major requirements			3
