

TRANSFER GUIDE

**Gateway Technical College to
B.S. – Early Childhood Education in the School of Education**

Admission Guidelines

If you have completed 12 credits of transferable course work you will be considered for admission based on a review of your college records. If you have fewer than 12 transferable credits you may be considered for admission based on a review of both your high school and collegiate records.

Most admitted transfer students have a cumulative GPA of 2.0 or greater on all transferable coursework. Competency in English and mathematics is an important factor in the admission decision.

Please note that some selective programs (Peck School of the Arts, School of Architecture and Urban Planning, College of Engineering, College of Nursing) may have additional requirements for direct admission into their majors.

We encourage students to utilize this guide to plan their coursework for their first and second semesters at Gateway Technical College. We highly recommend that students who are interested in transferring contact a UWM Transfer Advisor for more information about additional requirements of specific academic programs.

Milwaukee, WI 53211

School of Education Information

The Early Childhood Education program is available for those interested in teaching young children from birth to age 8 (through third grade) in a variety of early care/education and school programs. Students are admitted to the major immediately in the first year or upon transfer to UWM. Those who wish to acquire a State of Wisconsin teaching license can complete the state-mandated assessments through the program. Additionally, students can elect to obtain add-on certification in ESL and Bilingual Education for the Early Childhood Education grade range.

In addition to course requirements, all teacher preparation programs have GPA and testing requirements. For more information on these requirements, visit uwm.edu/education/academics/undergraduate.

	Gateway coursework		UWM coursework	
GER requirements				
Oral and Written Part A	801 136 (minimum C grade)	3	ENG 101 (minimum C grade)	3
