

## TRANSFER GUIDE

Gateway Technical College to B.S. – Exceptional Education in the School of Education

Middle Childhood – Early Adolescence Special Education

### Admission Guidelines

If you have completed 12 credits of transferable course work you will be considered for admission based on a review of your college records. If you have fewer than 12 transferable credits you may be considered for admission based on a review of both your high school and collegiate records.

Most admitted transfer students have a cumulative GPA of 2.0 or greater on all transferable coursework. Competency in English and mathematics is an important factor in the admission decision.

Please note that some selective programs (Peck School of the Arts, School of Architecture and Urban Planning, College of Engineering, College of Nursing) may have additional requirements for direct admission into their majors.

We encourage students to utilize this guide to plan their coursework for their first and second semesters at Gateway Technical College. We highly recommend that students who are interested in transferring contact a UWM Transfer Advisor for more information about additional requirements of specific academic programs.

### Transfer Advisor Contact Information

2400 E. Hartford Ave. Milwaukee, WI 53211

### School of Education Information

The Middle Childhood through Early Adolescence Program (MCEA) for Special Education is designed for students seeking to teach Special Education at the Middle Childhood-Early Adolescence level, ages 6-12 or 13, in 1st through 8th grade.

In addition to course requirements, all teacher preparation programs have GPA and testing requirements. For more information on these requirements, visit [uwm.edu/education/academics/undergraduate](http://uwm.edu/education/academics/undergraduate).
