

## TRANSFER GUIDE

Waukesha County Technical College to  
B.S. – Exceptional Education in the School of Education  
Early Adolescence - Adolescence Special Education

### Admission Guidelines

If you have completed 12 credits of transferable course work you will be considered for admission based on a review of your college records. If you have fewer than 12 transferable credits you may be considered for admission based on a review of both your high school and collegiate records.

Most admitted transfer students have a cumulative GPA of 2.0 or greater on all transferable coursework. Competency in English and mathematics is an important factor in the admission decision.

Please note that some selective programs (Peck School of the Arts, School of Architecture and Urban Planning, College of Engineering, College of Nursing) may have additional requirements for direct admission into their majors.

We encourage students to utilize this guide to plan their coursework for their first and second semesters at WCTC. We highly recommend that students who are interested in transferring contact a UWM Transfer Advisor for more information about additional requirements of specific academic programs.

### Transfer Advisor Contact Information

Emilee Schultz  
Email: [emilee@uwm.edu](mailto:emilee@uwm.edu)  
Office Phone: 414-229-5287

Enderis Hall 255  
2400 E Hartford Ave.  
Milwaukee, WI 53211

### School of Education Information

The EAA Special Education major leads to a Bachelor of Science in Exceptional Education. Upon completion, students will be eligible to apply for a Cross-Categorical Special Education Teaching License from the Wisconsin Department of Public Instruction for ages 10-21, in 6th through 12th grade.

In addition to course requirements, all teacher preparation programs have GPA and testing requirements. For more information on these requirements, visit [uwm.edu/education/academics/undergraduate](http://uwm.edu/education/academics/undergraduate).

		WCTC coursework		UWM coursework
