Your UW-Milwaukee home:

TOP RESEARCH UNIVERSITY
Named one of America's top research universities by the Carnegie Classification of Institutions of Higher Education

A 2018 'BEST IN THE MIDWEST' UNIVERSITY – The Princeton Review

WISCONSIN'S MOST SUSTAINABLE UNIVERSITY
And #45 in North America according to the Sierra Club

Live and learn in Wisconsin's career capital

Milwaukee is a leading manufacturing city and global innovator in water tech, healthcare and biomedical engineering. **Seven Fortune 500 companies are headquartered in Metro Milwaukee**, joining 1,000 other local companies that recruit UWM graduates.

You're hired

**Eighty-eight percent of engineering and computer science students at UWM land a job before graduation day.** While still in school, they gain real-world experience and earn a paycheck in co-ops or internships. Working with engineers and computer scientists at places like Harley-Davidson, Rockwell Automation, Boeing or the Department of Transportation, you'll build your skills and your confidence.

**$61,000**
