

### Loan Self-Certification Information

Students who **have** submitted a FAFSA should read below. Students who **have not** should skip to the top of page three.

1. Access the Loan Self-Certification Form. Please be aware that this is not a loan application, it is a required follow-up to the loan application you have submitted to your lender. Your lender will provide this form either electronically or on paper **AFTER** you have submitted a loan application to them. You should use the form provided by the lender as it may include an identification number to match the application. If you no longer have the original form from your lender and need an extra copy, you can print a generic form with link [Private Education Loan Applicant Self-Certification Form](#) or pick it up from Mellencamp Hall Room 162.
2. Log into your PAWS account to find the necessary information to complete Section 2 on the form.

10. Send the completed form to the lender you have chosen for a private loan. Please contact the lender if you have questions on how to submit this form.

**It is strongly recommended that you complete a FAFSA at <https://studentaid.gov/> before receiving a private loan. Regulations have lengthened the private loan application process and the time frame of disbursement, so they are no longer the “quicker” option over the FAFSA. Everyone qualifies for at least a federal loan from the FAFSA and the terms may be more beneficial in the long run. Please complete the FAFSA first even if it is just to reduce the amount of the private loan you will receive. If you will not complete a FAFSA, you will have to contact the Financial Aid Office to explain your decision.**
