

## TRANSFER GUIDE

UWM @Waukesha/Washington Co. to  
Biomedical Sciences: Diagnostic Medical Sonography – College of Health of Sciences

### Admission Guidelines

Transfer admission is a holistic and selective process, and no single criterion guarantees admission. The following factors are taken into consideration when reviewing applications:

- Demonstrated satisfactory academic progress
- Successful completion of college-level math and English courses
- Total credit hours completed
- Academic standing at your previous institution

If you have fewer than 12 transferable credits, we will also review your high school academic records.

Please keep in mind that some academic programs within the Peck School of the Arts, School of Architecture and Urban Planning, College of Engineering & Applied Science, and College of Nursing may have additional requirements for direct admission into their majors.

We encourage students to utilize this guide to plan their coursework for their first and second semesters at UWM branch campuses. We highly recommend that students who are interested in transferring contact a UWM Transfer Advisor for more information about additional requirements of specific academic programs.

### Admission to Biomedical Sciences – Sonography

**Clinical application is due December 1 of the fall semester:** Minimum UWM cumulative GPA of 3.000 or higher and minimum grade required in specified courses. Clinical Placement begins with a competitive application process, and placement is NOT guaranteed. Admitted students will complete a two-year professional clinical training at UWM or an affiliate site. Full-time course enrollment is required during clinical years.

Completion of at least eight supervised shadowing hours and a C.N.A. certification are required. Students must also have patient care experience.

At the latest, students are advised to transfer to UWM for the fall semester they plan on applying for advancement in the major. Only active, UWM students can apply for advancement. ***Students applying for advancement may repeat four prerequisite courses one time.***

Transfer courses are subject to change at discretion of program director.
