Everyone,

Annually per the U.S. Department of Education (ED), all relevant agents must be reminded about the student loan code of conduct. Please review the University of Wisconsin System policy below.

Policy on Institutional and Employee Relationships with Educational Loan Lenders

The University of Wisconsin System Policy on Institutional and Employee Relationships with Educational Loan Lenders was established to meet the requirements in the 2008 Higher Education Opportunity Act. The policy serves as the formal guiding principles in insuring the integrity of the student aid process and ethical conduct of employees in regards to student loan practices. The policy applies to all University of Wisconsin System employees and can be viewed at the following link:
