TRIO and Pre-College Programs/Mini-Course Program

## Saturday Academy

The Mini-Courses Saturday Academy Program is an enrichment program for middle school students in the 6th, 7th and 8th grades that meets for six Saturdays each semester. Saturday Academy aims to enhance academic skills and expose students to different career and college options. Each semester, students participate in a total of nine different classes that will reinforce skills in one or more of the following subject areas: math, reading, English, science, STEM, computers, foreign language, arts, and/or career-related classes. Curriculum reinforces basic skills and competencies through various hands-on activities in and out of the classroom, group projects, classroom instructions and/or presentations.
