

Advisor / Advisee Roles, Responsibilities, and Milestones for the MPH Policy

Note that the MPH Student Self-Evaluation Progress Report is available as a fillable pdf (<http://uwm.edu/publichealth/advising/>). This form is provided to guide the two required advising meetings per Academic Year. The Faculty Advisor submits a signed copy of the form to the Graduate Program Manager once per year after completion of the Late-Semester Spring meeting. For students pursuing the MPH over a period greater than two years, a personalized advisement schedule will be developed at the Semester I Mid-semester meeting.
