

**Transfer Agreement**  
**School of Architecture and Urban Planning At University of Wisconsin – Milwaukee**  
**and**  
**College of DuPage**

**Program to Program Articulation Agreement**

College of DuPage **Associate Degree:** Architectural / Associates in Applied Science

**School of Architecture and Urban Planning at UWM:** Bachelor of Science in Architectural Studies

**Effective Date:** January 5, 2016

**Review Date:** Five years from date of execution

**Rationale:**

This agreement establishes a formal articulation agreement between The College of DuPage and The University of Wisconsin-Milwaukee School of Architecture and Urban Planning, two architectural degree based programs. Agreement to this alliance requires a commitment by both institutions to facilitate the transfer of associate degree conferred students into a baccalaureate degree program without jeopardizing the intended mission and stated goals of either institution.

**Terms of the Agreement**

1. College of DuPage students who have successfully completed the Associates in Applied Sciences in Architecture and who are admitted to UW-Milwaukee's School of Architecture and Urban Planning are guaranteed transferability of academic coursework as credits according to the classes listed on the transfer guide.
2. The student must have a minimum grade point average of 2.5, preferably a 3.0 or higher as it is a competitive program for entrance.
3. Additional general education courses, including credits in math and the sciences, may be needed to fulfill the degree along with other core component classes and can be transferred following the UW System Transfer Policy.
4. The UWM Architectural Studies degree requires a total of 120 degree credits.
5. The maximum number of credits from the Architectural Design and Technology program that can be transferred from the College of DuPage and counted toward this program is 64. Students will need to complete 56 credits for the Bachelor of Science in Architectural Studies at UWM. Please refer to Tables 1 through 3 below for specific transfer information. Students with additional general education coursework or other courses pertaining to the program not included in the tables below may possibly transfer additional courses towards the degree (i.e., more than 56 credits). This will be decided on a case-by-case basis.
6. In order for courses to transfer, the student must have completed the courses within the last 5 years of being admitted to the four-year college. Students who have not completed the associate degree are not guaranteed transferability of coursework, but instead will be evaluated on an individual basis.
7. Architecture 410 studio placement at UW-Milwaukee School of Architecture and Urban Planning is based on a design portfolio review of College of DuPage's Architectural Design I (ARCH 2201) and Architectural Design II (ARCH 2202).

**Requirements:**

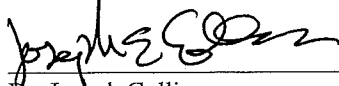

Students must fulfill all Bachelor of Science in Architectural Studies degree requirements.

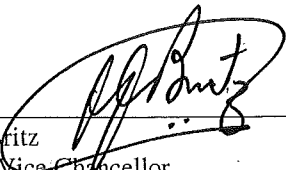

**College of DuPage/UWM Course Equivalencies:**

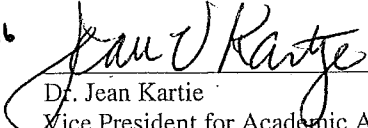

Students earning the Associate Degree in Pre-Architecture from College of DuPage will be able to transfer the credits listed in Table 1 toward the Bachelors of Science in Architectural Studies in the School of Architecture and Urban Planning at University of Wisconsin – Milwaukee (UWM).

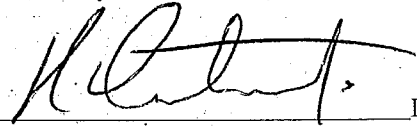

**Effective Date:** This agreement is effective starting January of 2016.

**Signatures:**

  
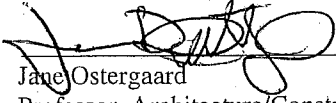

Date 4/8/16  
Dr. Joseph Collins  
Acting Interim President  
College of DuPage

  
Date 6/16/16  
Johannes Britz  
Provost & Vice Chancellor  
University of Wisconsin-Milwaukee

  
Date 4/7/16  
Dr. Jean Kartie  
Vice President for Academic Affairs  
College of DuPage

  
Date  
Dr. Robert Greenstreet  
Dean of School of Architecture and Urban Planning  
University of Wisconsin - Milwaukee

  
Date  
Dr. Donna Stewart  
Dean of Business and Technology  
College of DuPage

  
Date 4/11/16  
Jane Ostergaard  
Professor, Architecture/Construction Management  
Program Coordinator

Program-to-program transfer courses/credits are accepted only for the program/degree specified in this agreement. A change of major/degree/program invalidates these courses/credits for transfer unless they are approved within some other Program-to-Program Articulation Agreement for a different major/degree/program at UW-Milwaukee.
