Plan your schedule. Enroll in your classes. Track your progress. All in one place.
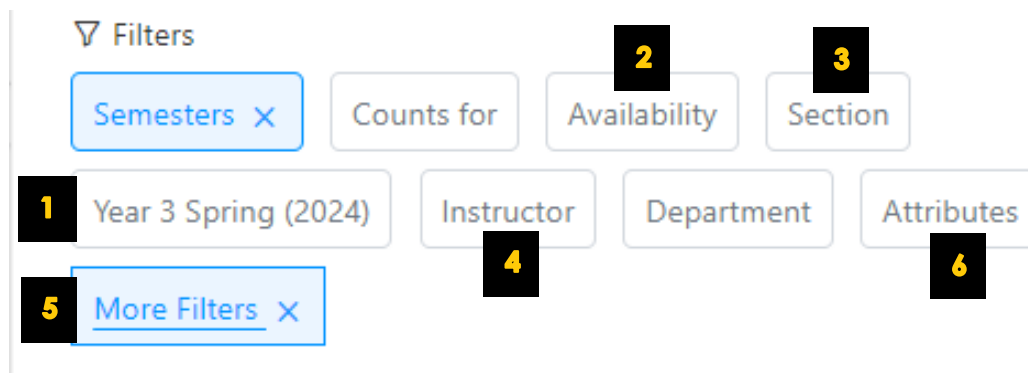

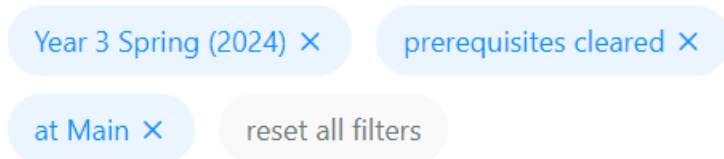

Quick Guide to Search Filters

There are many options to help you filter and search for courses in Stellic. Additional information and tutorial videos at uwm.edu/registrar/stellic.

Default Filters – The course search will always default to the current term, prerequisites cleared, and your primary location. Click the x beside a filter to clear it.

Year 3 Spring (2024) ✕   prerequisites cleared ✕

at Main ✕   reset all filters

Semesters ✕   Counts for   **2** Availability   **3** Section

1 Year 3 Spring (2024)   Instructor **4**   Department   Attributes **6**

5 More Filters ✕

1. **Year x Term (Year)** – Click on this filter to find additional filters for Instruction method (ie online or in-person) and to search by 5-digit course number.

2. **Availability** – used to search for only courses that are open or have a waitlist available.

3. **Section** – search for courses that are offered on specific days or during specific times.

4. **Instructor** – find courses taught by a specific person.

5. **More Filters** – search within a credit range or filter by campus location.

6. **Attributes** – Allows you to search by course attributes, which includes options for searching for GER courses, Honors courses, or other specific courses (see list of most commonly used attributes on page 2).

Coming Soon …

- The **Counts For** filter is coming soon and will be used once Degree Audits are set up in Stellic and will allow you to search for courses that fit your requirements.
- **Department** is not currently an accurate way to search for UWM courses.
