

# BUSINESS ANALYSIS CERTIFICATE

## Who Should Attend

Business professionals who want to improve their understanding and abilities in business analysis. Whether you are new to business analysis or want to refine your skills to move to the next level in your career, this flexible certificate will meet your needs.

## Learning Outcomes

- Develop technical skills in elicitation, facilitation, analysis and testing
- Enhance understanding of the relationships among data, decisions and processes
- Understand the key roles of an analyst in business and on projects
- Learn to document and deliver requirements to stakeholders
- Demonstrate a commitment to your professional development while earning Continuing Development Units (CDUs) and Professional Development Hours (PD Hours) recognized by the International Institute of Business Analysis (IIBA®).

## Certificate Requirements

Complete a total of 7 two-day courses with a minimum of 5 core courses.

## How to Start

Start your certificate by selecting courses listed on the back of this page. Register for courses online at [uwm.edu/sce/ba-cert](http://uwm.edu/sce/ba-cert) or call **800-222-3623**.
