INSTRUCTIONAL AND RESEARCH ACADEMIC STAFF (IRAS) REVIEW FOR INDEFINITE APPOINTMENT

Introduction

An indefinite appointment is recognition of an academic staff member's professional development and her/his contribution to the objectives of the University of Wisconsin-Milwaukee. Indefinite appointment confers employment security and may be terminated only for cause or for reasons of budget or program. (Indefinite appointment is an employment status analogous to that held by tenured faculty and permanent classified staff.) The review of probationary academic staff members for promotion to indefinite appointment is thus crucial to their employment status at the University.

Promotion to indefinite appointment may not occur until at least one year of probationary service has been completed at UWM. The entire review process must be completed no later than the end of six years of probationary service (as determined by the effective date of appointment). The review and recommendation which leads to promotion to indefinite status originates with the departmental executive committee (or supervisor when there is no executive committee) and the resulting indefinite status is vested in the department in which the individual's position is budgeted at the time of promotion to indefinite status. Probationary academic staff members not promoted to indefinite appointment by the end of the 7th year of probationary service will be non-renewed as provided in UWS 10.04 and UWM Chapter 106 of the Academic Staff Personnel Policies and Procedures.

Personnel Policies and Procedures

Promotion to indefinite appointment requires a recommendation by the candidate's departmental executive committee, a recommendation by the dean or division head after consultation with the Instructional and Research Academic Staff Review Committee (herein IRASRC), and a decision by the Chancellor. Upon receipt of a positive recommendation from the departmental executive committee, the dean or division head shall seek the advice of the IRASRC. The committee shall review the recommendation. The findings of the IRASRC shall be reported in writing to the dean or division head. Once approved by the Chancellor, indefinite status is effective at the start of the next Fall or Spring semester for staff on academic year (C) pay basis and the start of the next quarter for staff on an Annual (A) pay basis.

~~The chart on page 2 represents the review and appeal process as described in UWM Chapter 106 of the Academic Staff Personnel Policies and Procedures.~~

Review Criteria

The criteria to be used by the IRASRC in reviewing a candidate's recommendation for promotion to indefinite status are the following:

1. Proficiency in teaching or research and in performing duties and responsibilities as defined in the job description.

2. Professional growth and development.
3. Service, which might include service to the University, community and professional organizations.

The above criteria are not necessarily weighted equally, but each should have some documentation in the review file.

Review File Preparation

A review file must be prepared which contains the materials described in Items I through XI below (Item XII is optional). It is the right and responsibility of the candidate to prepare and assemble Items I through X, obtaining documents from the official personnel file as necessary.

After reviewing Items I through VIII, the departmental executive committee will prepare the Departmental Executive Committee Recommendation Summary (Item IX). The IRASRC will take into consideration both the judgement presented in the Departmental Executive Committee Recommendation Summary and the criteria upon which it is based. It is essential that the Departmental Executive Committee Recommendation Summary be based on factual evidence. If the materials submitted to the IRASRC do not adequately substantiate a particular candidate's proficiency, the departmental executive committee shall provide additional departmental executive committee materials which will clarify that committee's recommendation. The candidate may write a Candidate's Response to the Departmental Executive Committee's Recommendation Summary (optional) (Item XII). As the final step in preparing the review file for transmittal to the dean or division head, the candidate and the departmental executive committee must certify the contents of the file for Items I through X (Item XI).

Item XII is optional; all other items are required. The absence of any required item must be adequately explained in writing or the review file will be returned to the ~~dDean or/dDivision H~~head by the IRASRC as incomplete. ~~The candidate's review will not be prejudiced if performance reviews, job descriptions and related documents do not exist for the period prior to July, 1977. This exception exists because the performance review required by Chapter 105 of the Academic Staff Personnel Policies and Procedures was not required prior to July, 1976.~~

The review file will be assembled in the order below, with ~~all of the pages numbered in sequence~~continuous pagination. ~~One hard copy and One~~ electronic copy of the review file will be transmitted to the ~~D~~ean or ~~d~~Division ~~H~~head, who will then forward ~~both copies~~it to the IRASRC in requesting its advice. ~~The hard copy of the review file will be returned to the dean/division head upon completion of the Committee's action.~~ The official files of the Committee will include a copy of each candidate's table of contents, resume, executive committee recommendation, candidate's response to the executive committee (if applicable), and any correspondence related to the candidate's review.

Personnel Policies and Procedures

Promotion to indefinite appointment requires a recommendation by the candidate's departmental executive committee, a recommendation by the dean or division head after consultation with the Instructional and Research Academic Staff Review Committee (herein IRASRC), and a decision by the Chancellor. Upon receipt of a positive recommendation from the departmental executive committee, the dean or division head shall seek the advice of the IRASRC. The committee shall review the recommendation. Once approved by the Chancellor, indefinite status is effective at the start of the next Fall or Spring semester for staff on academic year (C) pay basis and the start of the next quarter for staff on an Annual (B) pay basis.

Review Criteria

The criteria to be used by the IRASRC in reviewing a candidate's recommendation for promotion to indefinite status are the following:

1. Proficiency in teaching or research and in performing duties and responsibilities as defined in the job description.
2. Professional growth and development.
3. Service, which might include service to the University, community and professional organizations.

The above criteria are not necessarily weighted equally, but each should have some documentation in the review file.

Item XII is optional; all other items are required. The absence of any required item must be adequately explained in writing or the review file will be returned to the Dean/Division Head by the IRASRC as incomplete.

The review file will be assembled in the order below, with continuous pagination. One electronic copy of the review file will be transmitted to the Dean/Division Head, who will then forward it to the IRASRC in requesting its advice. The official files of the Committee will include a copy of each candidate's table of contents, resume, executive committee recommendation, candidate's response to the executive committee (if applicable), and any correspondence related to the candidate's review.
