Others in attendance: Jason Peter Anderson, John Bartelt, Karen Wolfert, Geoff Hurtado, Mike Priem

3. Approval of December 9, 2020 Meeting Minutes – *Approved by consensus*
4. Approve meeting agenda – *Approved by consensus*

5. Old Business - *None*

6. New Business

- a. Report on several items from Sustainability Coordinator – Kate Nelson  
*Prepping for the gardens in 2021. The solar energy project planned for the Chapman Hall parking lot was found to be infeasible economically and has been abandoned. Office of Sustainability will continue looking for opportunities for solar.*
- b. Presentation of ongoing capital projects and Governor’s Recommended 21-23 Capital Budget – Melissa Spadanuda – *Melissa presented slides depicting capital projects expected to be active in 2021 and a summary of the Governor’s recommendations for the 21-23 capital budget. Several questions were asked about project scope and staff provided answers. Future renovations of Mitchell Hall are planned for future years. Currently no photovoltaic improvements are planned for AUP but studies done by SARUP indicate that it could effectively cool the small offices on the south facing wall. This concept will be pursued in future projects now that new guidelines for sustainable design have been approved by DFDM.*
- c. Report of Space Planning Subcommittee – Kristene Surerus and Melissa Spadanuda. No report.

7. Adjourn – *Meeting adjourned at 9:30 a.m. by consensus*
