GREETINGS FROM THE CHANCELLOR

Welcome to the 125th University of Wisconsin-Milwaukee Commencement – and our first in-person commencement in quite some time. This is an extra special day to recognize and celebrate our graduating students’ academic efforts, extraordinary resilience and remarkable personal commitment.

There has not been a graduating class in our history that needed to endure such unforeseen adversity that accompanied the COVID-19 pandemic. Yet you persevered and succeeded despite those unwelcome and difficult challenges. Believe me when I say that the class of 2021 will be saluted and celebrated like no other.

In celebrating our graduates, we also look to these outstanding individuals with a great sense of anticipation. An academic degree brings newfound opportunities and exceptional value to both the recipient and the world beyond. Our world has changed and keeps changing. And your impact will change the world for the better. Our students, alumni, faculty and staff are engaged in lifelong learning, research, critical thinking and collaboration with businesses, industries, nonprofit organizations and other educational institutions in the region and across the globe. You have set the bar higher for new levels of cooperation, innovation and entrepreneurship.

On behalf of the UWM faculty and staff, I congratulate all of today’s graduating students. When combined with those who graduated last May, there is an impressive 5,000+ students who have attained goals of a lifetime.

To all our guests, I thank you for supporting your adult child, relative, spouse, partner or friend. And to all our graduates, I offer my best wishes in all your endeavors. We look forward to hearing about the great things that will occur in your futures.

Best regards,

THE STORY OF THE UWM SEAL

Official ceremonial activities and actions of the University of Wisconsin–Milwaukee nearly always make use of the UWM seal. It can be found on all significant university documents. The key elements of the UWM corporate seal are the university’s logo in the center and the years above the word “Milwaukee.”

The logo was redesigned in 1999 to more distinctly represent the university. Distinguishing elements of the redesigned logo include the different typefaces used for the letters “UW” and “M,” which reflect the diversity inherent at UW-Milwaukee, and the overlapping of the “W” and the “M” to show the connection between the University of Wisconsin System and Milwaukee’s university. The two wavy banners below the letters “UWM” show movement and suggest a continuum of education throughout one’s life. The banners also represent waves and emphasize how Milwaukee and the campus are located near water. The nimbus, appearing behind the logo, symbolizes educational enlightenment.

The three years noted in the corporate seal are 1849, 1885 and 1956.

1849 represents the era that higher education began in this state. Wisconsin became the 30th state in the union on May 29, 1848. Less than two months later, on July 26, the University of Wisconsin was established under provisions in the new state constitution. One of the initial steps to prepare students for university was enrolling young people in preparatory classes. On February 5, 1849, 17 boys arrived for preparatory classes in space borrowed from the Madison Female Academy. This date is referred to in Wisconsin education as Founders Day. Then, in autumn 1850, the first University of Wisconsin freshman class assembled in Madison for first-year instruction as part of a four-year college curriculum.

1885 denotes the beginnings of public higher education in Milwaukee at the Milwaukee State Normal School. The Wisconsin Legislature in 1880 approved expanding higher education by establishing nine normal schools around the state. The first students in Milwaukee were admitted in 1885. In the beginning, curriculum was limited to a two-year teacher-training program. As its educational mission evolved, the school’s name changed. It became the Milwaukee State Teachers College in 1927 and the Wisconsin State College, Milwaukee, in 1951.

1956 signals the beginning of the modern era of public higher education in Milwaukee. During the late 1940s and early 1950s, many proposals to expand higher education offerings in Milwaukee were considered. The successful proposal approved in 1955 combined the previously mentioned Wisconsin State College, Milwaukee, and the Milwaukee office of the University Extension Center, an auxiliary of the University of Wisconsin in Madison. The new university was considered a part of the University of Wisconsin and classes at the new University of Wisconsin–Milwaukee began in the fall of 1956.

A QUICK HISTORY OF UWM

The name has changed—several times—but the roots of the University of Wisconsin-Milwaukee go back to 1885 when Wisconsin established the Milwaukee Normal School, a two-year teacher’s college.

Some important dates:

- 1885** Milwaukee Normal School opens to train teachers in downtown Milwaukee at 18th & Wells
- 1892** University of Wisconsin offers day and evening classes in Milwaukee
- 1909** With the completion of a new Milwaukee Normal School building (today’s Mitchell Hall) the campus moves to its present location
- 1920** The University of Wisconsin Extension Division, formed in 1907, takes over responsibility for UW instruction in Milwaukee
- 1927** Normal school becomes Milwaukee State Teachers College with 4-year degree
- 1928** UW Extension opens Milwaukee Center downtown
- 1951** Milwaukee State Teachers College becomes Wisconsin State College with liberal arts degrees
- 1956** WSC & UW Milwaukee Extension merge to form UWM
- 1961** The 8.6-acre Milwaukee-Downer Seminary site, including 3 buildings, is purchased
- 1963** UWM offers first PhD degree, in mathematics
- 1964** UWM buys Milwaukee-Downer College buildings, expands campus
- 1965** UWM purchases the 6.3-acre Milwaukee University School campus
- 1970** Three residence towers, collectively called Sandburg Halls, open for student housing
- 1988** UW System designates eight Centers of Excellence at UWM
- 1995** Division of Outreach and Continuing Education Extension (now the School of Continuing Education) moves to new offices in the downtown Plankinton Building
- 2000** UWM awards diploma to 125,000th graduate;UWM named among top 102 public doctoral research universities in nation
- 2001** Governor announces honors academy at UWM
- 2002** Helene Zelazo Center for the Performing Arts opens. Fourth tower added to Sandburg Residence Halls.
- 2005** Men’s basketball team advances to Sweet 16 in NCAA Tournament.
- 2006** \$100-million Campaign for UWM announced. Pavilion athletics complex and Kenilworth Square mixed-use student housing facility open. Men’s and women’s basketball teams both advance to NCAA Tournament.
- 2008** Campaign for UWM is completed more than a year early with \$125 million pledged to the university.
- 2010** The School of Freshwater Sciences and Zilber School of Public Health become the first new academic schools established at UWM since the 1960s. UWM acquires the former Columbia Hospital campus: 11 acres; seven buildings with more than 800,000 gross square feet of space; and about 900 parking spaces.
- 2016** UWM is named a top-tier Research 1 (R1) doctoral university by the Carnegie Classification of Institutions of Higher Education. This honor includes UWM as one of 115 top-tier research universities among the nation’s 4600+ institutions, and only one of two in Wisconsin.

By the turn of the century, the school had expanded to offer programs in the liberal arts and science as well as education. By the ’30’s, the school, now called Milwaukee State Teachers College, was a national leader in innovative teacher education, with 1,500 students. A student from the 1916-17 academic year, Golda Meir, became prime minister of Israel from 1969-1974.

After World War II, the College was authorized to award four-year bachelor degrees and in 1951 became Wisconsin State College, Milwaukee. Five years later it combined with the Milwaukee Extension Center, which had been the local outreach program of the University of Wisconsin in Milwaukee. Together, the two institutions became the University of Wisconsin-Milwaukee, with its focus on academic research, teaching and community service.

Since its founding, UWM has expanded its programs so that today its 13 schools and colleges offer 94 undergraduate programs, 67 masters and 37 doctoral degrees.

CHANCELLOR’S MEDALLION

The medallion for Chancellor Mark Mone was designed and fabricated by Frankie Flood, Associate Professor of Art and Design, after talking with Chancellor Mone about his vision for UWM’s future. With water from Lake Michigan in its center chamber – and spheres representing how student knowledge grows at UW-Milwaukee – the Chancellor’s Medallion is full of symbolism specific to UWM.

THE MEANING OF ACADEMIC REGALIA

Academic gowns were worn as early as the 12th century. Their primary purpose then was to protect the wearer against the elements. When accepted styles of dress began to change in the 16th century, those in the legal and medical professions as well as scholars in the universities retained the traditional dress of gowns and hoods. The origin of the cap is unclear.

Styles and colors had no particular meaning until 1895 when an “Intercollegiate Code” established design and color criteria. The bachelor’s gown has long, pointed sleeves and is designed to be worn closed. The master’s gown has an oblong sleeve open at the wrist; the rear part of its oblong shape is square cut, the front part has an arc cut away. The gown may be worn open or closed. The doctor’s gown has velvet down the front with three bars of the same velvet across the sleeves. It may be worn open or closed.

The academic hood is the visual representation of the academic degree. The level of the degree is indicated by the length of the hood and the width of its velvet edging, with the doctoral hood being the largest. The color of the lining of the hood denotes the school conferring the degree, the color of the velvet binding denotes the field of study. The color denoting the University of Wisconsin-Milwaukee is gold, dark blue is the color denoting philosophy; therefore, all recipients of the Doctor of Philosophy degree (Ph.D.) at UWM wear hoods lined with gold and trimmed in dark blue velvet.

Other trim colors that you may observe among the masters candidates and the faculty are:

BLUE VIOLET—Architecture	LEMON—Library & Information Science
WHITE—Art	PINK—Music
BROWN—Art/Dance/Drama	APRICOT—Nursing
BEIGE—Business Administration	SALMON—Public Health
LIGHT BLUE—Education	GOLD—Science
ORANGE—Engineering/Computer Science	CITRON—Social Work/Criminal Justice
PEACOCK—Human Resources and Labor Relations	

Honors: The gold cord, worn by some of the bachelor’s degree candidates, identifies those students who have been awarded Commencement Honors for high academic achievement throughout their career at UWM. An asterisk (*) is directly after the names of bachelor’s degree candidates awarded Commencement Honors in this program.

The pewter-colored stole recognizes undergraduate students receiving the Honor’s Degree. This special diploma is awarded in recognition of outstanding academic achievement to students who have completed the requirements of the University Honors College and achieved an overall grade point average of 3.5 or above.

The red, white, and blue cord is being worn by our veterans and military service members.

The black and gold stole worn by some undergraduate students, identifies our McNair Scholars, our future leaders who come from first generation and diverse backgrounds. These students have completed a selective and rigorous research program that prepares them to enter graduate school.

COMMENCEMENT CEREMONY SPEAKER

PATRICK BALDWIN

Head Coach
Milwaukee Panther Men’s Basketball, Milwaukee, WI.

PATRICK BALDWIN was named head coach of the Milwaukee men’s basketball team on June 20, 2017. In his first season on the bench, he led the Panthers to 16 victories, an improvement of five wins over the prior season while also finishing four spots higher in the Horizon League regular season standings. Included in that record was an impressive 17-point (73-56) victory over a Loyola Chicago team that finished the season ranked No. 7 in the final USA Today Coaches Poll, advanced to the Final Four and posted 32 wins including contests over No. 5 Florida, No. 13 Tennessee, No. 22 Miami and No. 24 Nevada. MKE also handed Iowa State its first loss in a home opener in 20 years when it upended the Cyclones, 74-56, in Baldwin’s second official game as head coach.

In the classroom, the team was honored as part of the NCAA Academic Progress Rate (APR) Public Recognition Awards for outstanding academic achievement. Milwaukee was one of just 35 men’s basketball programs recognized nationwide and the only member of the Horizon League on the list after posting a perfect 1,000 four-year rate. The program achieved the same distinction in May 2019. Five different school records were set over the course of the 2017-18 campaign, with Milwaukee advancing to the semifinals at Motor City Madness - the only league school to advance that far in each of the two seasons.

In his second year, the team was among NCAA leaders at times in nearly setting the program record for free throw percentage (at .746). In his third season, he had players earn Second-Team All-Horizon League and all freshman honors. The 2020-21 season saw Milwaukee reach the semifinals of the Horizon League Tournament following a signature comeback for the ages to get there, overcoming the second-largest deficit ever in NCAA history (18 points) over the final five minutes of a game against Wright State, earning the title of “Team Comeback” along the way. Baldwin recorded wins in four different games in which his team trailed by 10 or more points.

Baldwin joined Milwaukee from Northwestern University and became the seventh head coach since Milwaukee’s 1990 move to NCAA Division I. Baldwin spent four seasons as an assistant coach at Northwestern, helping rebuild his alma mater into a force in the Big Ten. “Patrick has played a major role in the resurgence of a successful program,” said Milwaukee Director of Athletics Amanda Braun. A key member of the Northwestern coaching staff under head coach Chris Collins, Baldwin saw the Wildcats increase their win total in each of his four years there. That culminated his final season with a school-record 24 victories and the first NCAA tournament berth in school history. NU’s campaign also included 10 wins in Big Ten play for the first time since the 1930s. That followed what was a school-record 20 wins during the 2015-16 campaign. As an assistant coach at NU, where he worked primarily with the guards, Baldwin helped the Wildcats land recruiting classes ranked in the nation’s top 30.

Baldwin, a 1994 graduate of Northwestern, was one of the top players in school history. He still stands among the top 20 scorers, was a three-time team captain, graduated as the school’s all-time leader in steals and assists, and was the Big Ten Defensive Player of the Year as a senior. Baldwin was a standout player for Northwestern from 1990-94. He still ranks first in school history with 272 career steals, second all-time with 452 assists and 20th with 1,189 points. His 90 steals as a freshman in 1990-91 are the school’s single-season record, while his 154 assists as a senior in 1993-94 rank third in school history.

Baldwin played professionally in Bosnia and Croatia before joining the coaching ranks. He has valuable firsthand experience in the Horizon League, beginning with two seasons as an assistant at UW-Green Bay before a seven-year stop at Loyola Chicago, where he finished as the associate head coach. Prior to arriving at Northwestern, he spent two seasons at Missouri State, where he recruited Missouri Valley Conference Freshman of the Year Marcus Marshall. A native of Leavenworth, Kansas, Baldwin got his coaching start during the 2001-02 season at Lincoln University in Jefferson City, Missouri.

Patrick and his wife, Shawn, have four children: Patrick, Tatum, Brooke and Claire.
