Welcome to the 125th University of Wisconsin-Milwaukee Commencement – and our first in-person commencement in quite some time. This is an extra special day to recognize and celebrate our graduating students’ academic efforts, extraordinary resilience and remarkable personal commitment.

There has not been a graduating class in our history that needed to endure such unforeseen adversity that accompanied the COVID-19 pandemic. Yet you persevered and succeeded despite those unwelcome and difficult challenges. Believe me when I say that the class of 2021 will be saluted and celebrated like no other.

In celebrating our graduates, we also look to these outstanding individuals with a great sense of anticipation. An academic degree brings newfound opportunities and exceptional value to both the recipient and the world beyond. Our world has changed and keeps changing. And your impact will change the world for the better. Our students, alumni, faculty and staff are engaged in lifelong learning, research, critical thinking and collaboration with businesses, industries, nonprofit organizations and other educational institutions in the region and across the globe. You have set the bar higher for new levels of cooperation, innovation and entrepreneurship.

On behalf of the UWM faculty and staff, I congratulate all of today’s graduating students. When combined with those who graduated last May, there is an impressive 5,000+ students who have attained goals of a lifetime.

To all our guests, I thank you for supporting your adult child, relative, spouse, partner or friend. And to all our graduates, I offer my best wishes in all your endeavors. We look forward to hearing about the great things that will occur in your futures.

Best regards,

Mark A. Mone
Chancellor
Official ceremonial activities and actions of the University of Wisconsin-Milwaukee nearly always make use of the UWM seal. It can be seen on all significant university documents. The key elements of the corporate seal are the university’s logo in the center and the years above the word “Milwaukee.”

The logo was redesigned in 1999 to more distinctly represent the university. Distinguishing elements of the redesigned logo include the different typefaces used for the letters “UW” and “M,” which reflect the diversity inherent at UW-Milwaukee, and the overlapping of the “W” and the “M” to show the connection between the University of Wisconsin System and Milwaukee’s university. The two wavy banners below the letters “UWM” show movement and suggest a continuum of education throughout one’s life. The banners also represent waves and emphasize how Milwaukee and the campus are located near water. The nimbus, appearing behind the logo, symbolizes educational enlightenment.

The three years noted in the corporate seal are 1849, 1885 and 1956.

1849 represents the era that higher education began in this state. Wisconsin became the 30th state in the union on May 29, 1848. Less than two months later, on July 26, the University of Wisconsin was established under provisions in the new state constitution. One of the initial steps to prepare students for university was enrolling young people in preparatory classes. On February 5, 1849, 17 boys arrived for preparatory classes in space borrowed from the Madison Female Academy. This date is referred to in Wisconsin education as Founders Day. Then, in autumn 1850, the first University of Wisconsin freshman class assembled in Madison for first-year instruction as part of a four-year college curriculum.

1885 denotes the beginnings of public higher education in Milwaukee at the Milwaukee State Normal School. The Wisconsin Legislature in 1880 approved expanding higher education by establishing nine normal schools around the state. The first students in Milwaukee were admitted in 1885. In the beginning, curriculum was limited to a two-year teacher-training program. As its educational mission evolved, the school’s name changed. It became the Milwaukee State Teachers College in 1927 and the Wisconsin State College, Milwaukee, in 1951.

1956 signals the beginning of the modern era of public higher education in Milwaukee. During the late 1940s and early 1950s, many proposals to expand higher education offerings in Milwaukee were considered. The successful proposal approved in 1955 combined the previously mentioned Wisconsin State College, Milwaukee, and the Milwaukee office of the University Extension Center, an auxiliary of the University of Wisconsin in Madison. The new university was considered a part of the University of Wisconsin and classes at the new University of Wisconsin-Milwaukee began in the fall of 1956.
**CHANCELLOR’S MEDALION**

The medallion for Chancellor Mark Mone was designed and fabricated by Frankie Flood, Associate Professor of Art and Design, after talking with Chancellor Mone about his vision for UWM’s future. With water from Lake Michigan in its center chamber – and spheres representing how student knowledge grows at UW-Milwaukee – the Chancellor’s Medallion is full of symbolism specific to UWM.

**THE MEANING OF ACADEMIC REGALIA**

Academic gowns were worn as early as the 12th century. Their primary purpose then was to protect the wearer against the elements. When accepted styles of dress began to change in the 16th century, those in the legal and medical professions as well as scholars in the universities retained the traditional dress of gowns and hoods. The origin of the cap is unclear.

**Styles and colors** had no particular meaning until 1895 when an “Intercollegiate Code” established design and color criteria. The bachelor’s gown has long, pointed sleeves and is designed to be worn closed. The master’s gown has an oblong sleeve open at the wrist; the rear part of its oblong shape is square cut, the front part has an arc cut away. The gown may be worn open or closed. The doctor’s gown has velvet down the front with three bars of the same velvet across the sleeves. It may be worn open or closed.

**The academic hood** is the visual representation of the academic degree. The level of the degree is indicated by the length of the hood and the width of its velvet edging, with the doctoral hood being the largest. The color of the lining of the hood denotes the school conferring the degree, the color of the velvet binding denotes the field of study. The color denoting the University of Wisconsin-Milwaukee is gold, dark blue is the color denoting philosophy; therefore, all recipients of the Doctor of Philosophy degree (Ph.D.) at UWM wear hoods lined with gold and trimmed in dark blue velvet.

Other trim colors that you may observe among the masters candidates and the faculty are:

- **BLUE VIOLET**—Architecture
- **WHITE**—Art
- **BROWN**—Art/Dance/Drama
- **BEIGE**—Business Administration
- **LIGHT BLUE**—Education
- **ORANGE**—Engineering/Computer Science
- **PEACOCK**—Human Resources and Labor Relations
- **LEMON**—Library & Information Science
- **PINK**—Music
- **APRICOT**—Nursing
- **SALMON**—Public Health
- **GOLD**—Science
- **CITRON**—Social Work/Criminal Justice

**Honors:** The gold cord, worn by some of the bachelor’s degree candidates, identifies those students who have been awarded Commencement Honors for high academic achievement throughout their career at UWM. An asterisk (*) is directly after the names of bachelor’s degree candidates awarded Commencement Honors in this program.

The pewter-colored stole recognizes undergraduate students receiving the Honor's Degree. This special diploma is awarded in recognition of outstanding academic achievement to students who have completed the requirements of the University Honors College and achieved an overall grade point average of 3.5 or above.

The red, white, and blue cord is being worn by our veterans and military service members.

The black and gold stole worn by some undergraduate students, identifies our McNair Scholars, our future leaders who come from first generation and diverse backgrounds. These students have completed a selective and rigorous research program that prepares them to enter graduate school.
