Guests:

I. Meeting called to order at 10:30 a.m.

II. Minutes of November 3, 2021 meeting approved as distributed.

III. Business

- a. Procedures and Criteria for Consideration of Academic Staff for School/College Voting Rights  
Secretary Reisel summarized the changes made since the last Codification Committee meeting. The responsibilities originally assigned to the Codification Committee are now assigned to the Faculty Senate Rules Committee. The University Committee approved these changes.

The committee suggested clarifying amendments to section 1 and section a. "School or college" will be lowercased throughout the document.

MOTION: to approve the document as amended. The motion was seconded and approved unanimously by voice vote.

- b. Request for Authorization to Implement a Master of Science in Data Science at UWM  
The committee questioned the five-year enrollment and the low graduation projections included in Table 1. They wondered how the graduation rates were determined and if the program follows the Graduate School credit requirement for master's programs. The committee pointed out discrepancies between some of the numbers in the different documents and suggested a few editorial changes.

IV. Other business – None.

V. Meeting adjourned at 11:04 a.m.
