GREETINGS FROM THE CHANCELLOR

Welcome to the 126th University of Wisconsin-Milwaukee Commencement – and we are thrilled to be honoring our graduates in-person. This is an extra special day to recognize and celebrate our graduating students' academic efforts, extraordinary resilience, and remarkable personal commitment.

This graduating class has endured unforeseen adversity that has accompanied the persistent COVID-19 pandemic. Yet they succeeded despite those unwelcome and difficult challenges. Believe me when I say that the class of 2022 will be saluted and celebrated like no other.

In celebrating our graduates, we also look to these outstanding individuals with a great sense of anticipation. An academic degree brings newfound opportunities and exceptional value to the recipient and well beyond. Our world has changed and keeps changing. And these graduates' impact will change the world for the better. Our students, alumni, faculty, and staff are engaged in lifelong learning, research, critical thinking and collaboration with businesses, industries, nonprofit organizations, and other educational institutions in the region and across the globe. These soon-to-be alumni have set the bar higher for new levels of cooperation, innovation, and entrepreneurship.

On behalf of the UWM faculty and staff, I congratulate all of today's graduating students. When combined with those who graduated last December, there are an impressive 5,000+ students who have attained goals of a lifetime.

To all our guests, I thank you for supporting your adult child, relative, spouse, partner, or friend. And to all our graduates, I offer my best wishes in all your endeavors. We look forward to hearing about the great things that will occur in your futures.

Best regards,

A handwritten signature in black ink that reads "Mark A. Mone". The signature is fluid and cursive, with "Mark" on the first line and "A. Mone" on the second line.

THE STORY OF THE UWM SEAL

Official ceremonial activities and actions of the University of Wisconsin–Milwaukee nearly always make use of the UWM seal. It can be found on all significant university documents. The key elements of the UWM corporate seal are the university's logo in the center and the years above the word "Milwaukee."

The logo was redesigned in 1999 to more distinctly represent the university. Distinguishing elements of the redesigned logo include the different typefaces used for the letters "UW" and "M," which reflect the diversity inherent at UW-Milwaukee, and the overlapping of the "W" and the "M" to show the connection between the University of Wisconsin System and Milwaukee's university. The two wavy banners below the letters "UWM" show movement and suggest a continuum of education throughout one's life. The banners also represent waves and emphasize how Milwaukee and the campus are located near water. The nimbus, appearing behind the logo, symbolizes educational enlightenment.

The three years noted in the corporate seal are 1849, 1885 and 1956.

1849 represents the era that higher education began in this state. Wisconsin became the 30th state in the union on May 29, 1848. Less than two months later, on July 26, the University of Wisconsin was established under provisions in the new state constitution. One of the initial steps to prepare students for university was enrolling young people in preparatory classes. On February 5, 1849, 17 boys arrived for preparatory classes in space borrowed from the Madison Female Academy. This date is referred to in Wisconsin education as Founders Day. Then, in autumn 1850, the first University of Wisconsin freshman class assembled in Madison for first-year instruction as part of a four-year college curriculum.

1885 denotes the beginnings of public higher education in Milwaukee at the Milwaukee State Normal School. The Wisconsin Legislature in 1880 approved expanding higher education by establishing nine normal schools around the state. The first students in Milwaukee were admitted in 1885. In the beginning, curriculum was limited to a two-year teacher-training program. As its educational mission evolved, the school's name changed. It became the Milwaukee State Teachers College in 1927 and the Wisconsin State College, Milwaukee, in 1951.

1956 signals the beginning of the modern era of public higher education in Milwaukee. During the late 1940s and early 1950s, many proposals to expand higher education offerings in Milwaukee were considered. The successful proposal approved in 1955 combined the previously mentioned Wisconsin State College, Milwaukee, and the Milwaukee office of the University Extension Center, an auxiliary of the University of Wisconsin in Madison. The new university was considered a part of the University of Wisconsin and classes at the new University of Wisconsin–Milwaukee began in the fall of 1956.

A QUICK HISTORY OF UWM

The name has changed—several times—but the roots of the University of Wisconsin-Milwaukee go back to 1885 when Wisconsin established the Milwaukee Normal School, a two-year teacher's college.

Some important dates:

- 1885** Milwaukee Normal School opens to train teachers in downtown Milwaukee at 18th & Wells
- 1892** University of Wisconsin offers day and evening classes in Milwaukee
- 1909** With the completion of a new Milwaukee Normal School building (today's Mitchell Hall) the campus moves to its present location
- 1920** The University of Wisconsin Extension Division, formed in 1907, takes over responsibility for UW instruction in Milwaukee
- 1927** Normal school becomes Milwaukee State Teachers College with 4-year degree
- 1928** UW Extension opens Milwaukee Center downtown
- 1951** Milwaukee State Teachers College becomes Wisconsin State College with liberal arts degrees
- 1956** WSC & UW Milwaukee Extension merge to form UWM
- 1961** The 8.6-acre Milwaukee-Downer Seminary site, including 3 buildings, is purchased
- 1963** UWM offers first PhD degree, in mathematics
- 1964** UWM buys Milwaukee-Downer College buildings, expands campus
- 1965** UWM purchases the 6.3-acre Milwaukee University School campus
- 1970** Three residence towers, collectively called Sandburg Halls, open for student housing
- 1988** UW System designates eight Centers of Excellence at UWM
- 1995** Division of Outreach and Continuing Education Extension (now the School of Continuing Education) moves to new offices in the downtown Plankinton Building
- 2000** UWM awards diploma to 125,000th graduate; UWM named among top 102 public doctoral research universities in nation
- 2001** Governor announces honors academy at UWM
- 2002** Helene Zelazo Center for the Performing Arts opens. Fourth tower added to Sandburg Residence Halls.
- 2005** Men's basketball team advances to Sweet 16 in NCAA Tournament.
- 2006** \$100-million Campaign for UWM announced. Pavilion athletics complex and Kenilworth Square mixed-use student housing facility open. Men's and women's basketball teams both advance to NCAA Tournament.
- 2008** Campaign for UWM is completed more than a year early with \$125 million pledged to the university.
- 2010** The School of Freshwater Sciences and Zilber School of Public Health become the first new academic schools established at UWM since the 1960s. UWM acquires the former Columbia Hospital campus: 11 acres; seven buildings with more than 800,000 gross square feet of space; and about 900 parking spaces.
- 2016** UWM is named a top-tier Research 1 (R1) doctoral university by the Carnegie Classification of Institutions of Higher Education. This honor includes UWM as one of 115 top-tier research universities among the nation's 4600+ institutions, and only one of two in Wisconsin.

By the turn of the century, the school had expanded to offer programs in the liberal arts and science as well as education. By the '30's, the school, now called Milwaukee State Teachers College, was a national leader in innovative teacher education, with 1,500 students. A student from the 1916-17 academic year, Golda Meir, became prime minister of Israel from 1969-1974.

After World War II, the College was authorized to award four-year bachelor degrees and in 1951 became Wisconsin State College, Milwaukee. Five years later it combined with the Milwaukee Extension Center, which had been the local outreach program of the University of Wisconsin in Milwaukee. Together, the two institutions became the University of Wisconsin-Milwaukee, with its focus on academic research, teaching and community service.

Since its founding, UWM has expanded its programs so that today its 14 schools and colleges offer 94 undergraduate programs, 53 masters and 32 doctoral degrees.

CHANCELLOR'S MEDALLION

The medallion for Chancellor Mark Mone was designed and fabricated by Frankie Flood, Associate Professor of Art and Design, after talking with Chancellor Mone about his vision for UWM's future. With water from Lake Michigan in its center chamber – and spheres representing how student knowledge grows at UW-Milwaukee – the Chancellor's Medallion is full of symbolism specific to UWM.

THE MEANING OF ACADEMIC REGALIA

Academic gowns were worn as early as the 12th century. Their primary purpose then was to protect the wearer against the elements. When accepted styles of dress began to change in the 16th century, those in the legal and medical professions as well as scholars in the universities retained the traditional dress of gowns and hoods. The origin of the cap is unclear.

Styles and colors had no particular meaning until 1895 when an “Intercollegiate Code” established design and color criteria. The bachelor’s gown has long, pointed sleeves and is designed to be worn closed. The master’s gown has an oblong sleeve open at the wrist; the rear part of its oblong shape is square cut, the front part has an arc cut away. The gown may be worn open or closed. The doctor’s gown has velvet down the front with three bars of the same velvet across the sleeves. It may be worn open or closed.

The academic hood is the visual representation of the academic degree. The level of the degree is indicated by the length of the hood and the width of its velvet edging, with the doctoral hood being the largest. The color of the lining of the hood denotes the school conferring the degree, the color of the velvet binding denotes the field of study. The color denoting the University of Wisconsin-Milwaukee is gold, dark blue is the color denoting philosophy; therefore, all recipients of the Doctor of Philosophy degree (Ph.D.) at UWM wear hoods lined with gold and trimmed in dark blue velvet.

Other trim colors that you may observe among the masters candidates and the faculty are:

BLUE VIOLET—Architecture	LEMON—Library & Information Science
WHITE—Art	PINK—Music
BROWN—Art/Dance/Drama	APRICOT—Nursing
BEIGE—Business Administration	SALMON—Public Health
LIGHT BLUE—Education	GOLD—Science
ORANGE—Engineering/Computer Science	CITRON—Social Work/Criminal Justice
PEACOCK—Human Resources and Labor Relations	

Honors: The gold cord, worn by some of the bachelor’s degree candidates, identifies those students who have been awarded Commencement Honors for high academic achievement throughout their career at UWM. An asterisk (*) is directly after the names of bachelor’s degree candidates awarded Commencement Honors in this program.

The pewter-colored stole recognizes undergraduate students receiving the Honor’s Degree. This special diploma is awarded in recognition of outstanding academic achievement to students who have completed the requirements of the University Honors College and achieved an overall grade point average of 3.5 or above.

The red, white, and blue cord is being worn by our veterans and military service members.

The black and gold stole worn by some undergraduate students, identifies our McNair Scholars, our future leaders who come from first generation and diverse backgrounds. These students have completed a selective and rigorous research program that prepares them to enter graduate school.

WILLEM DAFOE

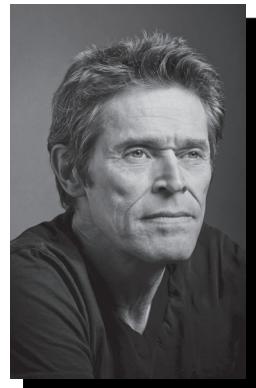

Actor

HONORARY DOCTOR OF ARTS

Escorted by: Kevin Hartman, Interim Dean
Peck School of the Arts

WILLEM DAFOE - Having made well over 100 films in his legendary career, Willem Dafoe is internationally respected for bringing versatility, boldness and dare to some of the most iconic films of our time. His artistic curiosity in exploring the human condition leads him to projects all over the world, large and small, Hollywood films as well as independent cinema.

In 1979, he was given a role in Michael's Cimino's "Heaven's Gate," from which he was fired. Since then, he has collaborated with directors who represent a virtual encyclopedia of modern cinema: Hector Babenco, Kathryn Bigelow, Kenneth Branagh, Anton Corbijn, Scott Cooper, David Cronenberg, William Friedkin, Mary Harron, Werner Herzog, Spike Lee, David Lynch, Anthony Minghella, Phillip Noyce, Alan Parker, Sam Raimi, Dee Rees, Robert Rodriguez, Paul Schrader, Martin Scorsese, Zack Snyder, Lars von Trier, James Wan, Wim Wenders and Zhang Yimou.

Dafoe has been recognized with four Academy Award nominations: Best Actor in a Supporting Role for Oliver Stone's "Platoon," E. Elias Merhige's "Shadow of the Vampire" (for which he also received Golden Globe and Screen Actors Guild nominations), and Sean Baker's "The Florida Project" (also Golden Globe and Screen Actors Guild nominations), as well as Best Leading Actor for Julian Schnabel's "At Eternity's Gate" (also a Golden Globe nomination). He has also been awarded by the New York Film Critics Circle and the National Board of Review, as well as twice by the Los Angeles Film Critics Association. Additionally, he is the recipient of two Independent Spirit Awards, the Venice Film Festival Volpi Cup and a Berlinale Honorary Golden Bear for Lifetime Achievement.

He and his wife, director Giada Colagrande, have made three films together: "Padre," "A Woman" and "Before It Had a Name."

His natural adventurousness is evident in roles as diverse as Thomas Wake in Robert Eggers' "The Lighthouse"; Marcus, the elite assassin who is mentor to Keanu Reeves in the neo-noir "John Wick"; in his voice work as Gil the Moorish Idol in "Finding Nemo"; as the notorious filmmaker in Abel Ferrara's "Pasolini"; as Paul Smecker, the obsessed FBI agent in the cult classic "The Boondock Saints"; as real life hero Leonhard Seppala, who led the 1925 Alaskan dog sled diphtheria serum run in "Togo"; and the notorious duality of Norman Osborn / Green Goblin, a role he reprised in Jon Watts' record-breaking "Spider-Man: No Way Home." That adventurous spirit continues with upcoming films including Yorgos Lanthimos' "Poor Things," Walter Hill's "Dead for a Dollar," and Isaiah Saxon's fantasy epic "The Legend of Ochi." Most recently, he was seen in Robert Eggers' "The Northman" and Guillermo del Toro's "Nightmare Alley," as well as Wes Anderson's "The French Dispatch," marking his fourth collaboration with the director.

Dafoe is one of the founding members of The Wooster Group, the New York based experimental theater collective. He created and performed in all of the group's work from 1977 thru 2005, both in the U.S. and internationally. Since then, he worked with Richard Foreman in "Idiot Savant" at NYC's Public Theater, with Robert Wilson on two international productions: "The Life & Death of Marina Abramovic" and "The Old Woman" (opposite Mikhail Baryshnikov) and developed a new theater piece, directed by Romeo Castellucci, based on Nathaniel Hawthorne's "The Minister's Black Veil." He recently completed work on Marina Abramovic's opera "7 Deaths of Maria Callas."
