V. CRITERIA

Professions made the following revisions to its *Criteria for Procedures and Evaluative Criteria for Reviewing Departmental Recommendations for Appointment to Tenure and/or Promotion*.

3. External Review Letters and Supporting Documentation

a. External Review Letters:

The external reviewers should meet the following criteria:

- ~~While it makes sense for candidates to help the department identify domain experts, the committee strongly prefers that the selection of the reviewers be clearly independent of the candidate's personal preferences. For example, the candidate could identify domain experts by specifying relevant domain keywords or by specifying relevant publication venues whose editors or program committee members might be suitable reviewers. Having the candidate specify particular reviewers suggests less independence. Under any circumstances, Candidates may provide a list of potential domain specific reviews, but the Executive Committee is responsible for generating a final list of reviewers independent of the candidate's personal preferences.~~ The solicitation of confidential letters must take place without consultation of the candidate, and individuals who submit letters will be identified only to members of the Executive Committee, the Dean, the Division of Professions Executive Committee and Campus Administration.

VI. POST-TENURE REVIEW CRITERIA

There were no revisions to the *Procedures for Responding to Negative Post-Tenure Review* and *Checklist for Post-Tenure Review Files to be Submitted for Review*.
