GREETINGS FROM THE CHANCELLOR

Welcome to the 127th University of Wisconsin-Milwaukee Commencement, where we are thrilled to be honoring our graduates. This is an extra special day to recognize and celebrate our graduating students' academic efforts, extraordinary resilience and remarkable personal commitment.

This graduating class has risen above the enduring challenges of a persistent pandemic, succeeding despite those unwelcome and difficult times. Believe me when I say that the class of 2022 will be saluted and celebrated like no other.

In celebrating our graduates, we also look to these outstanding individuals with a great sense of anticipation. An academic degree brings newfound opportunities and exceptional value to both the recipient and well beyond. Our world has changed and keeps changing. And these graduates' impact will change the world for the better. Our students, alumni, faculty and staff are engaged in lifelong learning, research, critical thinking and collaboration with businesses, industries, nonprofit organizations and other educational institutions in the region and across the globe. These soon-to-be alumni have set the bar higher for new levels of cooperation, innovation and entrepreneurship.

On behalf of the UWM faculty and staff, I congratulate all of today's graduating students. When combined with those who graduated last May, there are an impressive 5,000+ students who have achieved one of life's more significant milestones.

To all our guests, I thank you for supporting your adult child, relative, spouse, partner, or friend. And to all our graduates, I offer my best wishes in all your endeavors. We look forward to hearing about your achievements.

Best regards,

Mark A. Mone
Chancellor

THE STORY OF THE UWM SEAL

Official ceremonial activities and actions of the University of Wisconsin–Milwaukee nearly always make use of the UWM seal. It can be found on all significant university documents. The key elements of the UWM corporate seal are the university’s logo in the center and the years above the word “Milwaukee.”

The logo was redesigned in 1999 to more distinctly represent the university. Distinguishing elements of the redesigned logo include the different typefaces used for the letters “UW” and “M,” which reflect the diversity inherent at UW-Milwaukee, and the overlapping of the “W” and the “M” to show the connection between the University of Wisconsin System and Milwaukee’s university. The two wavy banners below the letters “UWM” show movement and suggest a continuum of education throughout one’s life. The banners also represent waves and emphasize how Milwaukee and the campus are located near water. The nimbus, appearing behind the logo, symbolizes educational enlightenment.

The three years noted in the corporate seal are 1849, 1885 and 1956.

1849 represents the era that higher education began in this state. Wisconsin became the 30th state in the union on May 29, 1848. Less than two months later, on July 26, the University of Wisconsin was established under provisions in the new state constitution. One of the initial steps to prepare students for university was enrolling young people in preparatory classes. On February 5, 1849, 17 boys arrived for preparatory classes in space borrowed from the Madison Female Academy. This date is referred to in Wisconsin education as Founders Day. Then, in autumn 1850, the first University of Wisconsin freshman class assembled in Madison for first-year instruction as part of a four-year college curriculum.

1885 denotes the beginnings of public higher education in Milwaukee at the Milwaukee State Normal School. The Wisconsin Legislature in 1880 approved expanding higher education by establishing nine normal schools around the state. The first students in Milwaukee were admitted in 1885. In the beginning, curriculum was limited to a two-year teacher-training program. As its educational mission evolved, the school’s name changed. It became the Milwaukee State Teachers College in 1927 and the Wisconsin State College, Milwaukee, in 1951.

1956 signals the beginning of the modern era of public higher education in Milwaukee. During the late 1940s and early 1950s, many proposals to expand higher education offerings in Milwaukee were considered. The successful proposal approved in 1955 combined the previously mentioned Wisconsin State College, Milwaukee, and the Milwaukee office of the University Extension Center, an auxiliary of the University of Wisconsin in Madison. The new university was considered a part of the University of Wisconsin, and classes at the new University of Wisconsin–Milwaukee began in the fall of 1956.

A QUICK HISTORY OF UWM

The name has changed—several times—but the roots of the University of Wisconsin-Milwaukee go back to 1885 when Wisconsin established the Milwaukee Normal School, a two-year teachers college.

Some important dates:

- 1885** Milwaukee Normal School opens to train teachers in downtown Milwaukee at 18th & Wells
- 1892** University of Wisconsin offers day and evening classes in Milwaukee
- 1909** With the completion of a new Milwaukee Normal School building (today's Mitchell Hall), the campus moves to its present location
- 1920** The University of Wisconsin Extension Division, formed in 1907, takes over responsibility for UW instruction in Milwaukee
- 1927** Normal school becomes Milwaukee State Teachers College with 4-year degree
- 1928** UW Extension opens Milwaukee Center downtown
- 1951** Milwaukee State Teachers College becomes Wisconsin State College with liberal arts degrees
- 1956** WSC & UW Milwaukee Extension merge to form UWM
- 1961** The 8.6-acre Milwaukee-Downer Seminary site, including 3 buildings, is purchased
- 1963** UWM offers first PhD degree, in mathematics
- 1964** UWM buys Milwaukee-Downer College buildings, expands campus
- 1965** UWM purchases the 6.3-acre Milwaukee University School campus
- 1970** Three residence towers, collectively called Sandburg Halls, open for student housing
- 1988** UW System designates eight Centers of Excellence at UWM
- 1995** Division of Outreach and Continuing Education Extension (now the School of Continuing Education) moves to new offices in the downtown Plankinton Building
- 2000** UWM awards diploma to 125,000th graduate; UWM named among top 102 public doctoral research universities in nation
- 2001** Governor announces honors academy at UWM
- 2002** Helene Zelazo Center for the Performing Arts opens. Fourth tower added to Sandburg Residence Halls.
- 2005** Men's basketball team advances to Sweet 16 in NCAA Tournament.
- 2006** \$100-million Campaign for UWM announced. Pavilion athletics complex and Kenilworth Square mixed-use student housing facility open. Men's and women's basketball teams both advance to NCAA Tournament.
- 2008** Campaign for UWM is completed more than a year early with \$125 million pledged to the university.
- 2010** The School of Freshwater Sciences and Zilber School of Public Health become the first new academic schools established at UWM since the 1960s. UWM acquires the former Columbia Hospital campus: 11 acres; seven buildings with more than 800,000 gross square feet of space; and about 900 parking spaces.
- 2016** UWM is named a top-tier Research 1 (R1) doctoral university by the Carnegie Classification of Institutions of Higher Education. This honor includes UWM as one of 115 top-tier research universities among the nation's 4,600+ institutions, and only one of two in Wisconsin.
- 2018** UWM retained top-tier Research 1 (R1) doctoral university by the Carnegie Classification of Institutions of Higher Education.
- 2021** For the third consecutive time UWM is named top-tier Research (R1) status and remains one of the top research universities in the nation. UWM is one of only 137 institutions of 3,298 nationwide to receive this ultimate recognition.

By the turn of the century, the school had expanded to offer programs in the liberal arts and science as well as education. By the 1930's, the school, now called Milwaukee State Teachers College, was a national leader in innovative teacher education, with 1,500 students. A student from the 1916-17 academic year, Golda Meir, became prime minister of Israel from 1969-1974.

After World War II, the College was authorized to award four-year bachelor degrees and in 1951 became Wisconsin State College, Milwaukee. Five years later it combined with the Milwaukee Extension Center, which had been the local outreach program of the University of Wisconsin in Milwaukee. Together, the two institutions became the University of Wisconsin-Milwaukee, with its focus on academic research, teaching and community service.

Since its founding, UWM has expanded its programs so that today its 15 schools and colleges offer over 100 undergraduate programs, 67 masters and 38 doctoral degrees.

CHANCELLOR'S MEDALLION

The medallion for Chancellor Mark Mone was designed and fabricated by Frankie Flood, associate professor of Art and Design, after talking with Chancellor Mone about his vision for UWM's future. With water from Lake Michigan in its center chamber – and spheres representing how student knowledge grows at UW-Milwaukee – the Chancellor's Medallion is full of symbolism specific to UWM.

THE MEANING OF ACADEMIC REGALIA

Academic gowns were worn as early as the 12th century. Their primary purpose then was to protect the wearer against the elements. When accepted styles of dress began to change in the 16th century, those in the legal and medical professions as well as scholars in the universities retained the traditional dress of gowns and hoods. The origin of the cap is unclear.

Styles and colors had no particular meaning until 1895 when an "Intercollegiate Code" established design and color criteria. The bachelor's gown has long, pointed sleeves and is designed to be worn closed. The master's gown has an oblong sleeve open at the wrist; the rear part of its oblong shape is square cut, the front part has an arc cut away. The gown may be worn open or closed. The doctor's gown has velvet down the front with three bars of the same velvet across the sleeves. It may be worn open or closed.

The academic hood is the visual representation of the academic degree. The level of the degree is indicated by the length of the hood and the width of its velvet edging, with the doctoral hood being the largest. The color of the lining of the hood denotes the school conferring the degree, the color of the velvet binding denotes the field of study. The color denoting the University of Wisconsin-Milwaukee is gold, dark blue is the color denoting philosophy; therefore, all recipients of the Doctor of Philosophy degree (PhD) at UWM wear hoods lined with gold and trimmed in dark blue velvet.

Other trim colors that you may observe among the masters candidates and the faculty are:

| | |
|---|-------------------------------------|
| BLUE VIOLET—Architecture | LEMON—Library & Information Science |
| WHITE—Art | PINK—Music |
| BROWN—Art/Dance/Drama | APRICOT—Nursing |
| BEIGE—Business Administration | SALMON—Public Health |
| LIGHT BLUE—Education | GOLD—Science |
| ORANGE—Engineering/Computer Science | CITRON—Social Work/Criminal Justice |
| PEACOCK—Human Resources and Labor Relations | |

Honors: The gold cord, worn by some of the bachelor's degree candidates, identifies those students who have been awarded Commencement Honors for high academic achievement throughout their career at UWM. An asterisk (*) is directly after the names of bachelor's degree candidates awarded Commencement Honors in this program.

The pewter-colored stole recognizes undergraduate students receiving the Honor's Degree. This special diploma is awarded in recognition of outstanding academic achievement to students who have completed the requirements of the University Honors College and achieved an overall grade point average of 3.5 or above.

The red, white, and blue cord is being worn by our veterans and military service members.

RECESSIONAL

Audience please remain seated during Recessional

COMMENCEMENT CEREMONY SPEAKER

DR. ASHOK RAI

President and Chief Executive Officer
Prevea Health, Green Bay, WI

Dr. Ashok Rai is the President and Chief Executive Officer of Prevea Health – a physician-led, physician-owned multispecialty health care provider working in partnership with Hospital Sisters Health System (HSBS) hospitals across Wisconsin. Prevea Health was founded in Green Bay in 1996, and today employs more than 2,400 people, including more than 500 providers and advanced practice providers. It offers high-quality patient care in more than 30 communities across Wisconsin, as well as a health insurance plan (Prevea360) with one of the largest coordinated networks across the state.

Dr. Rai's passion to redesign health care in the U.S. embraces the movement from fee-for-service methods of payment to value-based care, which rewards health care organizations for their work in preventive health care and encouraging patients to live healthy lifestyles and not for the number of procedures they perform. This has significantly influenced Prevea Health's strategy to improve the total wellness of all communities it serves. Dr. Rai has also taken proactive steps to enhance diversity and inclusion efforts within the Prevea Health system, and equitable access to health care for all in our communities.

In addition, and since the start of the COVID-19 pandemic in Wisconsin in March 2020, Dr. Rai has helped Prevea Health lead the way and set standards for high-quality, accessible, and innovative COVID-19 education, prevention, testing, treatment, and vaccination efforts across Wisconsin – all of which have garnered attention from local, state and national health care leaders and journalists.

Dr. Rai was born and raised in Michigan. He attended undergraduate school and enrolled in the "Target M.D." program at the University of Wisconsin—Milwaukee. He completed his medical degree at the Medical College of Wisconsin, and then a residency in internal medicine and pediatrics through Michigan State University at the Kalamazoo Center for Medical Studies. Following residency, Dr. Rai specialized in hospital medicine and held various leadership positions at Prevea Health before becoming the president and CEO of Prevea Health in 2009. He also continues to practice medicine, caring for patients at Woodside Lutheran Nursing Home in Green Bay and in occasional hospitalist shifts at local HSHS hospitals.

Dr. Rai is actively involved in the community and committed to making a difference on local, state and national levels. He is a regent for the University of Wisconsin System Board of Regents, appointed by Wisconsin Gov. Tony Evers in April 2021, and currently serves as chair of the Capital and Budget Committee. He also serves as chair of the Cellcom Green Bay Marathon, and is a member of the Downtown Green Bay, Inc. and The Automobile Gallery boards in Green Bay. Previous roles include chairman of the American Medical Group Association (AMGA) in 2018, Medical Committee chair and team physician of the 2020 PGA of America's Ryder Cup, member of the Chancellor's Council of Trustees for the University of Wisconsin-Green Bay, Weidner Center chairman of the board, Greater Green Bay Chamber chairman of the board, and member of the Sheboygan County Boys and Girls Club and Northeast Wisconsin Technical College Foundation boards.

Dr. Rai lives in Green Bay with his wife, Brooke. He is a proud father of three boys and three girls, and their dog, Josie.
