Recommendation of the Zilber College of Public Health to grant Dr. Musa Yahaya faculty voting rights in the Zilber College of Public Health

Recommendation:

The Zilber College of Public Health (ZCPH) faculty and dean submit to the UWM Faculty Senate a recommendation to grant Dr. Musa Yahaya faculty voting rights in the non-departmentalized ZCPH as stated in the UWM Faculty Policies and Procedures Chapter 2.02 Membership in College and School Faculties:

(4) a. Subject to the approval of the Faculty Senate, the Faculty of a college may designate members of its Academic Staff with training, experience and responsibility comparable to those in the Faculty ranks as voting members of its Faculty. If the college contains schools and/or departments, the Academic Staff must have been granted voting rights by the school or department prior to receiving voting rights in the college. If a school is departmentalized, the Academic Staff must have been granted voting rights in one of the departments of a school prior to receiving voting rights in the school. (Document 3379, 02/17/22; UWM Administration approval, 03/16/22)

Rationale:

The ZCPH executive committee reviewed voting rights for request on September 22, 2023, and recommended unanimously that it be placed on the ZCPH Faculty Council agenda.

The Faculty Council of the ZCPH voted unanimously on October 27, 2023, to grant faculty voting rights to Dr. Yahaya. The ZCPH faculty chairs, Dr. Michael Laiosa and Dr. Ann Swartz have provided supporting evidence and materials.

Supporting Materials:

The ZCPH executive committee present that Dr. Yahaya has “training, experience and responsibility comparable to those in the faculty ranks” and thereby merits such rights.

- Appointment/Title: Teaching Faculty II
- Status: Fixed-term, renewable
- Degree(s): MPH, PhD
- Years of service: 2 years
- Training: MPH Community Health; PhD Public Health

- Experience and Responsibilities: Musa's primary responsibilities within ZCPH include teaching Public Health graduate and undergraduate students, advising and mentoring of graduate students, as well as actively serves on dissertation committees within the ZCPH. He is vital member of the Graduate Program Committee and MPH Scholarship Committee, and has been very involved in accreditation of UWM's MPH-Nutrition and Dietetics concentration by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) through contributions to the nutrition and dietetics self-study curriculum documents as well as attending site visits for accreditation. He has also contributed to the ZSPH preliminary self-study document for the CEPH site visit and accreditation. Finally, he is involved in curricular modifications and updates within the ZCPH. Therefore, college voting rights are essential for his position.
- CV: Current CV is attached.

Joseph J. Zilber
College of Public Health

Memorandum

To: UWM Faculty Senate Rules Committee

From: Ann Swartz & Michael Laiosa
Faculty Chairs, Zilber College of Public Health

Date: October 27, 2023

Re: Recommendation of the Zilber College of Public Health to grant seven Instructional Academic Staff faculty voting rights in the Zilber College of Public Health.

Recommendation:

On September 22, 2023 the Executive Committee of the Zilber College of Public Health unanimously (18/0/0) approved a recommendation for faculty voting rights in the Zilber College of Public Health per University of Wisconsin – Milwaukee Faculty Policies and Procedures Chapter 2.02 (4)a. (Document 3379, 02/17/22; UWM Administration approval, 03/16/22) for the following Instructional Academic Staff (IAS).

Keith Dookeran
Rose Hennessey Garza
John Holland
Sara Luelloff
Renee Scampini
Stephanie Send
Musa Yahaya

Rationale:

As a result of the reorganization of our university, units within the former College of Health Sciences have merged with the former Zilber School of Public Health to create the new Zilber College of Public Health (ZCPH). Within the ZCPH, IAS are intimately involved in the creation and delivery of our curriculum. In general, Academic Staff bring expertise in practice and application beyond the Faculty in the College, so they are essential to deliver the highest quality education to our students and help students develop into capable and knowledgeable professionals.

According to UW-Milwaukee Milwaukee Faculty Policies and Procedures Chapter 2.02 (4) a, “Subject to the approval of the Faculty Senate, the Faculty of a college may designate members of its academic staff with training, experience and responsibility comparable to those in the faculty ranks as voting members of its faculty. If the college contains schools and/or departments, the academic staff must have been granted voting rights by the school or department prior to receiving voting rights in the college.”

Joseph J. Zilber
College of Public Health

The new ZCPH is a non-departmentalized college. In the former units, where programs were delivered through a department structure, IAS were granted voting rights both at the departmental and college level. We respectfully ask the Faculty Senate to allow us to continue this practice.

The ZCPH executive committee proposed that the Faculty of ZCPH grant the seven IAS faculty voting rights. Attached are materials that support that each of these seven IAS have “training, experience and responsibility comparable to those in the faculty ranks,” and thereby, merits such rights.

The ZCPH Faculty Council Committee reviewed this request on October 27, 2023 and unanimously recommended it be forwarded to the Dean of the Zilber College of Public Health for recommendation to the Faculty Senate.

MEMORANDUM

To: UWM Faculty Senate

From: Amy Harley 
Interim Dean

Re: Zilber College of Public Health Requests Voting Privileges to 7 Instructional Academic Staff

At the September 22, 2023 Zilber College of Public Health (ZCPH) executive committee meeting, there was a motion to approve voting rights at the college level for seven instructional academic staff (IAS):

- Keith Dookeran
- Rose Hennessy Garza
- John Holland
- Sara Luelloff
- Renee Scampini
- Stephanie Send
- Musa Yahaya

The motion passed: 18 yes; 0 no; and 0 abstained.

At the October 27, 2023 Faculty Council meeting a recommendation unanimously passed to approve voting rights to the seven (IAS).

ZCPH respectfully submits to the Faculty Senate approval to grant voting privileges at the college level for these seven IAS. Attached are formal recommendations for each IAS and supporting materials that provide evidence they have the training, experience, and responsibilities comparable to those in the faculty ranks.

Thank you for your consideration.
