    1. (**CHPS**) College of Health Professions and Sciences

      Curricular Actions: Propose New Curricular Area

      Reason for Change: The newly formed College of Health Professions and Sciences necessitates the formation of a new curricular code to best represent courses that span the units housed under the new college. The previous College of Health Sciences (CHS) housed a single 100-level course - CHS 100. This request is, in part, a request to move CHS 100 to CHPS 100. First, the subject code "CHPS" must be approved.
