

**Request of the Department of Anthropology for Inclusion in the
Division of Professions**

Motion

The Executive Committee of the Division of Professions approved the inclusion of the Department of Anthropology in the Colleges of Letters & Science as a member of the Division of Professions, alongside existing affiliations with Arts & Humanities and Social Sciences.

Rationale

This request is based on departmental changes reflecting the ongoing professional expansion of the field of anthropology. The professional applications of anthropology in areas such as Cultural Resource Management and Museum Studies have long been part of the programs we offer to our students, and we are developing those programs further with anticipated additions to our faculty in this and coming years. The scholarship of these faculty may find a better fit in the Division of Professions.
