FORMAT

Departmental Recommendations for Promotion or Appointment to Tenure at Rank of Associate Professor and for Promotion or Appointment to Professor

Departments are requested to prepare recommendations for promotion or appointments to tenure rank and for promotion or appointment to professor in accordance with the outline below.

The Divisional Executive Committee asks for fully digital submissions.

Folders of files with all supporting materials (including letters of support, publications, teaching evaluations, documentation of major service contributions, etc.) must be submitted in digital format (as is practical) for the Divisional Committee's review and consideration. These materials will provide the basis for the Divisional Committee's consideration. The digital version must be transmitted via a OneDrive/SharePoint link. *(Please note that the entire path, including the file name and folder names, must contain fewer than 200 characters.)* For cases involving videos or images that are impractical to include in the digital file, they should be accessible by a direct link to the video/image on an external hosting site. A general link to the candidate's professional website is not acceptable.

The committee wishes the digital documents to be organized into folders that are named and numbered in a manner that corresponds to the list below. **Refer to the CHECKLIST for further guidance.** The final version of the folders should be assembled by the Executive committee, even though they include materials prepared by the candidate, since some contain confidential information.

All materials should reach the Divisional Committee Office no later than **two weeks** before a scheduled Executive Committee meeting. The committee should be notified in January of cases that will be submitted after March 1, or ones where a special meeting will be required (as in the case of hires at the Associate and Full level). In general, department chairs and search committees should maintain regular contact with the Divisional Committee chair or the Committee's coordinator on the progress of their cases, to facilitate Committee scheduling.

Materials should be sent to the Committee according to the procedures of the respective school or college and only after the respective dean has approved of transmitting the recommendation for the Committee's advice. (For the relative weight of the information contained here, see the appropriate criteria for Tenure Promotion or for Promotion from Associate Professor to Professor.)

SAMPLE STATEMENT and LETTER ABOUT EXTERNAL EVALUATIONS

External Reviewer Process and Selection for Candidate X

A list of External evaluators was formulated in consultation with the department Executive Committee. Candidate X was also asked to produce a list of evaluators for consideration. Knowing that reviewing a large amount of reading material is time consuming, it was decided that fifteen External reviewers would be contacted. Three reviewers did not respond, five reviewers did not express reservations for the process, but could not comply with the timeframe, leaving the seven reviewers able to participate. Once the External reviewer had been contacted, the following letter requesting review was sent out along with vita and supplemental materials for review.
