

## Appendix A

The following data should be included in the undergraduate program review. Much of this information can be found on the OAIR Data Analytics Dashboard at:

<https://uwm.edu/institutional-research/analytics-dashboards/>

1. Student Profile (trend data for 7 years)
  - a. Number of majors
  - b. Number of intended majors (if applicable)
  - c. Number of students by year (Freshmen, sophomore, junior, senior)
  - d. Diversity of students
    - i. Men
    - ii. Women
    - iii. Underrepresented Minorities
    - iv. International
  - e. Full-time and Part-time
  - f. Number of minors
  - g. Number of double majors
2. Student success measures (trend data for 7 years)
  - a. Number of degrees granted
    - i. Total
    - ii. Men
    - iii. Women
    - iv. Underrepresented minorities
    - v. International
  - b. Retention and persistence rates
  - c. Program length
    - i. Credits required
    - ii. Average number of credits by graduates
  - d. Time to degree
    - i. All
    - ii. Men
    - iii. Women
    - iv. Underrepresented minorities
    - v. International
3. Faculty Profile (trend data for 7 years)
  - a. Number of faculty FTE
    - i. Tenured
    - ii. Tenure track
    - iii. Instructional academic staff
    - iv. Graduate teaching assistants
    - v. Adjuncts
  - b. Diversity
    - i. Men
    - ii. Women
    - iii. Underrepresented minorities
4. Performance measures (trend data for 7 years)

- a. Student credit hours
    - i. By level
  - b. Credit hours delivered by
    - i. Tenure/tenure track faculty
    - ii. Instructional academic staff
    - iii. Adjuncts
    - iv. Graduate assistants
  - c. Number of undergraduate sections taught (Fall)
    - i. Sections with low enrollment (<10)
  - d. Instructional costs
    - i. Instructional cost per SCH
5. Assessment data (provided by UWM assessment coordinator)
- a. Report on the assessment of program learning outcomes.
  - b. Report on assessment of general education outcomes.
