## Skills/Experiences Gained from this Position: UWM Shared Learning Goals

**Critical and Creative Thinking Skills** – adapt and apply skills, abilities, theories, or methodologies gained in one situation to new situations to solve difficult problems or explore complex issues in original ways.

**Effective Communication Skills** - articulate how experiences outside of the formal classroom deepens their understanding of fields of study and broadens their points of view.

**Individual, Social, and Environmental Responsibility** - provide evidence in civic-engagement activities and describe what they have learned about themselves as it relates to a reinforced and clarified sense of civic identity and continued commitment to public action.

**Intercultural Knowledge and Competence** - articulate insights into their own cultural rules and biases.

NEXT.cc is a **FREE** eco web that develops ethical imagination and environmental stewardship. NEXT.cc introduces what design is, what design does, and why design is important. It offers activities across nine scales – nano, pattern, object, space, architecture, neighborhood, urban, region, and world. NEXT.cc's 350+ journeys introduce activities online, in the classroom, in the community and globally. NEXT.cc journeys and activities are supported with links to museums, institutions and contemporary practices.
