## Service-Learning Special Request Form

This form is for students who have special skills that they are interested in using as part of their service-learning experience, such as fluency in languages other than English, musical ability, veteran or military status, or special knowledge and experience in extracurricular areas (e.g., sports, gaming, chess, Model UN, etc.). This form can also be used by students who would find service-learning placements more manageable in areas further outside Milwaukee, such as Waukesha or Racine.

Submission of this form does not guarantee a special placement, but the SET office will try to accommodate all requests with placements that align with both the student's special circumstances and the learning goals of the course.

**Special requests must be submitted to SET (either in class with your SET contact or delivered to the SET Union office—E153) as soon as possible and no later than 3pm on the Friday of the 2<sup>nd</sup> week of the semester.**
