

Using Data Wisely to Help Communities of Color: What You Need to Know

Friday, October 15, 2021

12:00-1:00 p.m.

Zoom (Register [HERE](#))

This one-hour virtual program encourages students at the University of Wisconsin-Milwaukee and members of the greater Milwaukee community to learn about data equity and how, as future scientists and professionals we can collect, analyze, and use data wisely and ethically to help communities of color to thrive and grow.

We want to solicit feedback on questions or topics of interest from our audience in advance of this event, so please use this link to submit your questions: [ASK QUESTION HERE](#). We will do our best to answer them live during the program.

Everyone is encouraged to attend and participate.

Sponsored by:

UWM [WiscAMP STEM-Inspire Program](#)
and the [UWM Mathematical Sciences Dept.](#)
