Equity focused survey - families

Thank you for taking this important survey about your student's school. This survey asks you about family-school relationships. It is an anonymous survey so please be honest in your responses. No one at your student's school will know how you personally responded to this survey. If you have more than one child in school, you should answer the survey separately for each.

The results of this survey will be available to your student's school to inform their efforts to better understand how to build strong partnerships with families and to create a more equitable learning environment for all students.
