WHEREAS, the need to gather first year student feedback is important. Improving student life for first year students is a priority for the University of Wisconsin – Milwaukee Student Association First Year Senators.

WHEREAS, First Year Students often have difficulty transitioning to their new lifestyle as college students. If students have difficulty adjusting, they are more likely to struggle academically and socially. This could eventually lead them to dropping out of school, consequently affecting the graduation and retention rate at UWM.

WHEREAS, one role of the First Year Senators is to gather feedback from the constituents they represent. This feedback will be used to guide projects and initiatives for the First Year Senators to work on during the duration of the next semester.

THEREFORE, BE IT RESOLVED; the First Year Senators will be hosting a tabling event to gather first year student feedback in the Sandburg Lobby on February 26th, 2019 from 6:00pm – 8:00pm.

THEREFORE, BE IT FURTHER RESOLVED; the First Year Senators are requesting $468.30 from the Student Association budget to provide ice cream and hot chocolate to first year students who complete their survey. Providing an incentive to complete the survey will encourage participation, and lead to more feedback gathered.

THEREFORE, BE IT FINALLY RESOLVED; upon this legislation’s approval, this matter will be referred to the Treasurer of the Student Association.

Alyssa Molinski
Student Association President
