University of Wisconsin – Milwaukee Student Organization Sponsorship Interest Proposal

Hello, my name is Joshua Graybow and I am in student government at UW-Milwaukee where I serve as the Student Organization Advocacy Senator. As part of my role, I lead the Student Leaders Committee, which is currently developing a sponsorship database for businesses that are willing to sponsor UWM’s student organizations in any form or fashion. Here are some points of information we will need.

**What do you volunteer to provide?**

Examples: discounts, donations, money, use of location, or hosting fundraisers, etc.

**What would you like to receive in kind from the sponsored UWM student organization?**

Examples: social media posts, name on the event, handing out flyers of your business at events, logo on apparel, etc.

**What types of organizations would you like to work with, will only work with, or will not work with?**

Possible Options: Fraternity/Sorority, Cultural, Religious, Service, Social Action, Governance, Honors Societies, Professional, Recreational and Political (there are bi-partisan and non-partisan events) or no preference. If you have something more specific in mind, feel free to write that in as well.

You are welcome to pick all of the above, one of the above or some of the above. Please be specific.

**Who is the Point of Contact for your business?**

Examples: owners, general managers, marketing manager, outreach coordinator, etc. We would greatly appreciate an email address and phone number of the parties listed. If possible, we’d also appreciate the direct office contact information for the point of contact as opposed to a general store number. This is to ensure efficiency in the contact process for all parties involved.

**Contract**

We are working with the UWM legal clinic to develop a contract that will be available to you if you so choose. This contract would be an agreement between your business and the student organization and would exist in order to ensure a fair exchange between both parties.

If you are interested, please read the example form to get a feel for the layout we are looking for then fill out the interest form. We will then put your information online and this list will be made available to all of UWM’s student organizations and we will be highly encouraging they reach out. Once they do all communications will be between you and the student organization.

If you have any questions about this database and/or sponsoring UWM student organizations, please email us at SA-SLC@uwm.edu or contact the Chairman, Joshua Graybow, at 952-220-8271.

Thank you for helping support student life at UWM,

**Joshua Graybow**
