The Senate Finance Committee is a body of the Student Association established primarily to allocate Segregated University Fees to eligible campus entities in accordance with UW Regent, UW System, and UW-Milwaukee policy.

Within the Non-Allocable Rounds of this process, committee members are tasked with reviewing application materials and budget requests, attending applicant presentations, and deliberating, inquiring on, and providing recommendations on segregated fee allocation rates.

Furthermore, the 2018-2019 Senate Finance Committee Recommendation Report serves as a culmination of recommendations made by the Senate Finance Committee on budget requests of Non-Allocable applicants participating in the Segregated University Fee Allocation Process.
