Resolution for Increasing Transferability of Credits

WHEREAS, the University of Wisconsin – Milwaukee is an access institution and the ability to transfer credits is an important aspect of being an access institution.

WHEREAS, there is currently an agreement between the University of Wisconsin – System, the Wisconsin Technical College system, and tribally controlled and private colleges to accept no fewer than 30 core general education course credits for students transferring between institutions.

WHEREAS, it important that not just core classes be able to transfer between Wisconsin higher education institutions.

WHEREAS, it is beneficial to the State of Wisconsin to keep students within the state, whether in public or private institutions.

WHEREAS, having a higher level of credits transfer for students makes it easier for students to transfer to the University of Wisconsin – Milwaukee.

THEREFORE, BE IT RESOLVED; that the University of Wisconsin – Milwaukee officially supports raising the minimum amount of transferable credits between Wisconsin higher education institutions raised to 75 credits or 9 credits for each course subject area, whichever is greater.

THEREFORE, BE IT FINALLY RESOLVED; that this legislation be communicated to the University of Wisconsin – Milwaukee Chancellor, the University of Wisconsin System Board of Regents, the Vice Chancellor of University Relations, State Senator Duey Stroebel, and State Representative Brostoff.

Alyssa Molinski  
Student Association President
