Wherever You Are

"This is one of the **best ideas**; the experience of an in-class whiteboard presentation while in the privacy of your dorm/home. Even better, the live **presentation is recorded** so it can be reviewed again. I went in thinking I would **try something new** to possibly help me review for the final. I left knowing I'd attend every single session that was offered..."

- **UWM** student on **SSC** online review sessions

SSC SI leaders and tutors have access to interactive whiteboards and tablet PCs that help them connect with students **anywhere**

How will I know when an online review session is held?

A Supplemental Instruction leader, tutor, or other **SSC** employee will send you an **e-mail notification** before a **SSC** online review session is held for your course.

Because not all exam review sessions are held online, make sure to ask your Supplemental Instruction leader or tutor for more information throughout the semester.
