

Study Spaces Rankings: General

All spaces are evaluated on a scale of 1-5 in every category, with 1 being low evidence of this criterion, a 3 being moderate evidence, and a 5 being strong evidence of this criterion. All spaces are evaluated based off of Ambiance; Noise Level; Proximity to Campus; Accessibility; and Socialization/Functionality of Group Work.

Denotes the highest ranking in this category (i.e., a 5 for Functionality of Group Work means it is very conducive to group work)

Denotes the lowest ranking in this category (i.e., a 1 for Noise Level would mean it is the quietest)
