NURSING
Nursing

NOT SURE ABOUT A MAJOR? Undeclared students begin their academic exploration in one of six pathways called metamajors. Metamajors allow you to explore multiple majors, while keeping you on track to a timely graduation.

• Arts, Design & Innovation
• Business, Industry & Applied Technology
• Engineering & Natural Science
• Health
• Humanities & Communication
• Social & Behavioral Sciences

Learn more about potential majors and career outcomes at uwm.edu/majors

PHARMACY & OPTOMETRY

Anesthesiologist Assistant
Chiropractic Assistant
Dentist
Doctor of Medicine
Optometrist
Pathologist Assistant
Pharmacist
Physician Assistant
Podiatrist
Veterinary Medicine

UWM ONLINE
Combines great teaching and maximum convenience in courses taught by our on-campus faculty.

Your Undergraduate Journey

UWM offers research excellence, quality teaching and big-city culture and resources in one college experience. From hundreds of academic programs to suit any career interest to more than 750 undergraduate research opportunities, UWM will help you fulfill your biggest goals and ambitions.

STAND OUT FROM THE CROWD
At UWM, there’s no limit to where your degree might take you. Study abroad for a once-in-a-lifetime opportunity, work alongside your professors on research projects, launch your own startup with the Lubar Entrepreneurship Center, or apply to be part of the Honors College. And thanks to UWM’s metropolitan location, there are thousands of internship and networking opportunities conveniently close, so you can start your career before graduation day.

Life on Milwaukee Campus

One of our Division I NCAA sports teams, join one of more than 300 student-run organizations, play intramural sport, or check out a few of our many on-campus events.

Resources for Success
UWM has what you need to maximize your potential, including the Writing Center (one-on-one tutoring), the Career Planning and Resource Center (job-search support), and Multicultural, LGBT and Women’s Resource Centers.
FINANCING YOUR FOUR-YEAR EXPERIENCE

Lower nonresident tuition rates and special pricing agreements via the Midwest Student Exchange Program help the Milwaukee campus keep its costs low.

FAFSA FAST TRACK
The Free Application for Federal Student Aid (FAFSA) is available earlier than ever and now uses tax information from the previous year’s filing.

The 2019-20 FAFSA will become available on Oct. 1, 2018. Apply as early as possible to be given maximum consideration for financial aid.

SCHOLARSHIPS
Over 2,600 UWM undergraduates received over $6 million in scholarships last academic year. All incoming students are encouraged to apply for 2019-20 UWM scholarships by Dec. 1, 2018, which requires an early acceptance to UWM. Additional scholarship opportunities exist for students from coming from all 50 states and for international students.

YOUR TWO-YEAR SPRINGBOARD
There’s more than one path to a great college experience and career. UWM recently welcomed two-year campuses in Waukesha and Washington counties to its family. Together, the three campuses provide more options for students and their communities.

Students can take courses and complete a General Studies associate degree at either of the two-year campuses. Then, they can either go on to complete a four-year degree or step into the workforce.

UWM AT WAUKESHA
Located approximately 30 minutes away from UWM, Waukesha’s 86-acre campus has the charming friendliness of a liberal arts college with the world-class resources of a larger university. Affordable tuition and small class sizes (the average class has 20 students) are just a few of the reasons students choose to earn their associate degree at the Waukesha campus. There are nearly 20 academic programs to choose from, including chemistry, English, political science and anthropology.

COST
Waukesha campus tuition and fees for the 2019-20 academic year for Wisconsin and Minnesota residents is $2,574. (Included fees help cover student services, activities and programs.)

LIFE ON WAUKESHA CAMPUS
Explore where your passions take you, whether that’s a theater production, music ensemble, student-run club, sports team or internship. There are plenty of options at Waukesha campus.

UWM AT WASHINGTON COUNTY
Nestled in southeast Wisconsin’s beautiful Kettle Moraine region and about a 45-minute drive from UWM, the 87-acre Washington County campus combines personable instruction and mentorship with classes and coursework that prepare you for a four-year degree. More than 85 percent of classes at Washington County are taught by faculty who have Ph.Ds or terminal degrees in their field. And there are nearly 20 academic programs to choose from, including education, business and health sciences.

COST
Washington County campus tuition and fees for the 2018-19 academic year for Wisconsin and Minnesota residents is $2,558.93. (Included fees help cover student services, activities and programs.)

LIFE ON WASHINGTON COUNTY CAMPUS
Be part of the Washington County campus community by getting involved in a student-run organization, attending a symphonic band concert or visiting the Student Union.

HOW DO I TRANSFER TO UWM?
Students take courses they’re interested in at either of our two-year campuses. When they decide to declare a major and transfer to UW-Milwaukee, their academic advisor walks them through the process. Beginning with the fall 2019 semester, the benefit of already being part of the UWM family is less paperwork and a more convenient, faster route to starting your bachelor’s degree.

APPLICATION PROCESS FOR UW-WAUKESHA AND UW-WASHINGTON COUNTY FOR FALL 2019
Learn more, visit! Visiting is the best way to get a feel for how you will fit with your chosen campus.
