60+ and Disabled Auditors

Wisconsin residents who are 60 years of age or older by the start of the semester/term may audit classes for free, on a space-available basis, in courses that are open to auditors and special students.

Additionally, disabled Wisconsin residents receiving disability insurance benefits under either the federal Supplemental Security Income (SSI) program or the federal Social Security Disability Insurance (SSDI) program can also qualify to audit classes.

Per UW System Class Audit policy, instructor permission must be obtained by the auditor. An enrollment hold will be placed on all auditors preventing them from self-enrollment at time of admission. Please note, auditors receive only provisional permission to attend classes until course registration is completed at the end of the add/drop period.

Please note applications and forms will take at least 3 days for processing after all necessary information has been submitted to the Office of Undergraduate Admissions. Please send questions about the program to undergraduateadmissions@uwm.edu.

See our highlighted courses on the next pages.

STEP FOUR: SUBMIT THE ADD/DROP REQUEST
The add/drop process must be done online. We’ve created an add/drop template that can be copied and pasted into your email so that you can easily send it to the professor of the class in which you are trying to enroll. Please find the template online at uwm.edu/undergrad-admission/auditors/

STEP FIVE: SUBMIT THE CREDIT AGREEMENT
The credit agreement will need to be completed online through your PAWS account. The Bursar’s Office will not accept an emailed or faxed credit agreement. Find instructions to sign the credit agreement here: uwm.edu/onestop/finances/university-credit-agreement/
