

UWM CAMPUS SOUND POLICY (EXCLUDING THE ERNEST SPAIGHTS PLAZA)

This policy provides for the administrative control of non-amplified and amplified sound and associated equipment in the University of Wisconsin – Milwaukee, main Kenwood Campus.

This Policy permits the use of sound amplifying equipment, if needed, for the dissemination of ideas and music, to large audiences, but to prevent or limit its use from interfering with University functions, which inherently require quiet.

This policy is intended to control sound levels as well as the duration and time of any performance or activity for which sound amplification is used. This policy will also cover non-amplified sound events, i.e. symphony performances etc.

1. No person or group may use sound amplification equipment without the written approval of the Chancellor.
2. Such approval must be requested in writing at the Vice Chancellor for Student Affairs Office and signed by the applicant/sponsor using the Amplified Sound Request Form.
3. All requests must be made a minimum of 10 Business Days prior to the scheduled event.
4. Maximum sound levels on the UWM Campus are to be no greater than 92 dBA average plus or minus 4 dBA at 20' from any speaker used.
5. Upon approval, the sponsoring organization, with the assistance of University personnel, shall monitor the program throughout its duration.
6. This policy is pursuant to the Wisconsin Administrative Code, UWS 18.06 Conduct on University Lands. (25)
