

Use of WG99 for Bookstore Text Storage

As you may know, WG99 has been used for selected storage purposes since being built into stage II.

Room WG99 is used by the Bookstore in August and January for their book buy back. This is a service that is extended to all UWM students.

I would like to formalize this approval for the Bookstore's ongoing use, so that long range planning can be implemented. The Director of the Union will be responsible for scheduling this space.
