YOUR GUIDE TO
THE COLLEGE PROCESS

Good morning,

We want to say thank you for everything you do for your students, including your time and efforts to help them apply to college. Our campuses are excited to meet your students in the future, and below are several application reminders.

IMPORTANT - APPLY NOW! Students should apply to the UW campus they wish to attend. The two-year UW Colleges campuses and many four-year institutions are accepting applications now. Your students will be notified when their application has been received.

Reminder: students should also apply for financial aid at the same time. Please encourage students to apply for admission and

financial aid very soon!

For more information about the admissions and financial aid process, go to uwhelp.wisconsin.edu.

UW's Two-Year Colleges

For students who are interested in a smaller campus, our two-year UW Colleges' campuses are a great option. We have locations across the state where students can earn an associate's degree, or use those two years of general education credits to transfer into a four-year UW institution. UW Colleges offer affordable tuition and admit every qualified student who applies.

Internally, our two-year campuses will be reorganized this fall to be joined with our four-year comprehensive and research institutions. This will allow us to maintain the affordable tuition at our two-year institutions, while eventually bringing more classes to those campuses, including offering upper-level courses.

All UW System campuses are known for their quality and dedication to students. Let your students know they can download the **FREE UW Journey app** in [iTunes](#) or [Google Play](#) to explore all 26 of our campuses. UW Journey helps students find the right UW campus for them, navigate the application process, and explore options to pay for college!

Thank you again for all you do,
The UW HELP team
